Foreword

We, the Annual Staff of 1932, submit to you this eighteenth volume of the Sibylline. We have chosen the Olympic theme about which to build our book because of the apt comparison between school life and athletic contests. Our desire is that this book may bring to mind pleasant memories of school life during the course of that greater race for which we are all preparing.

Dedication

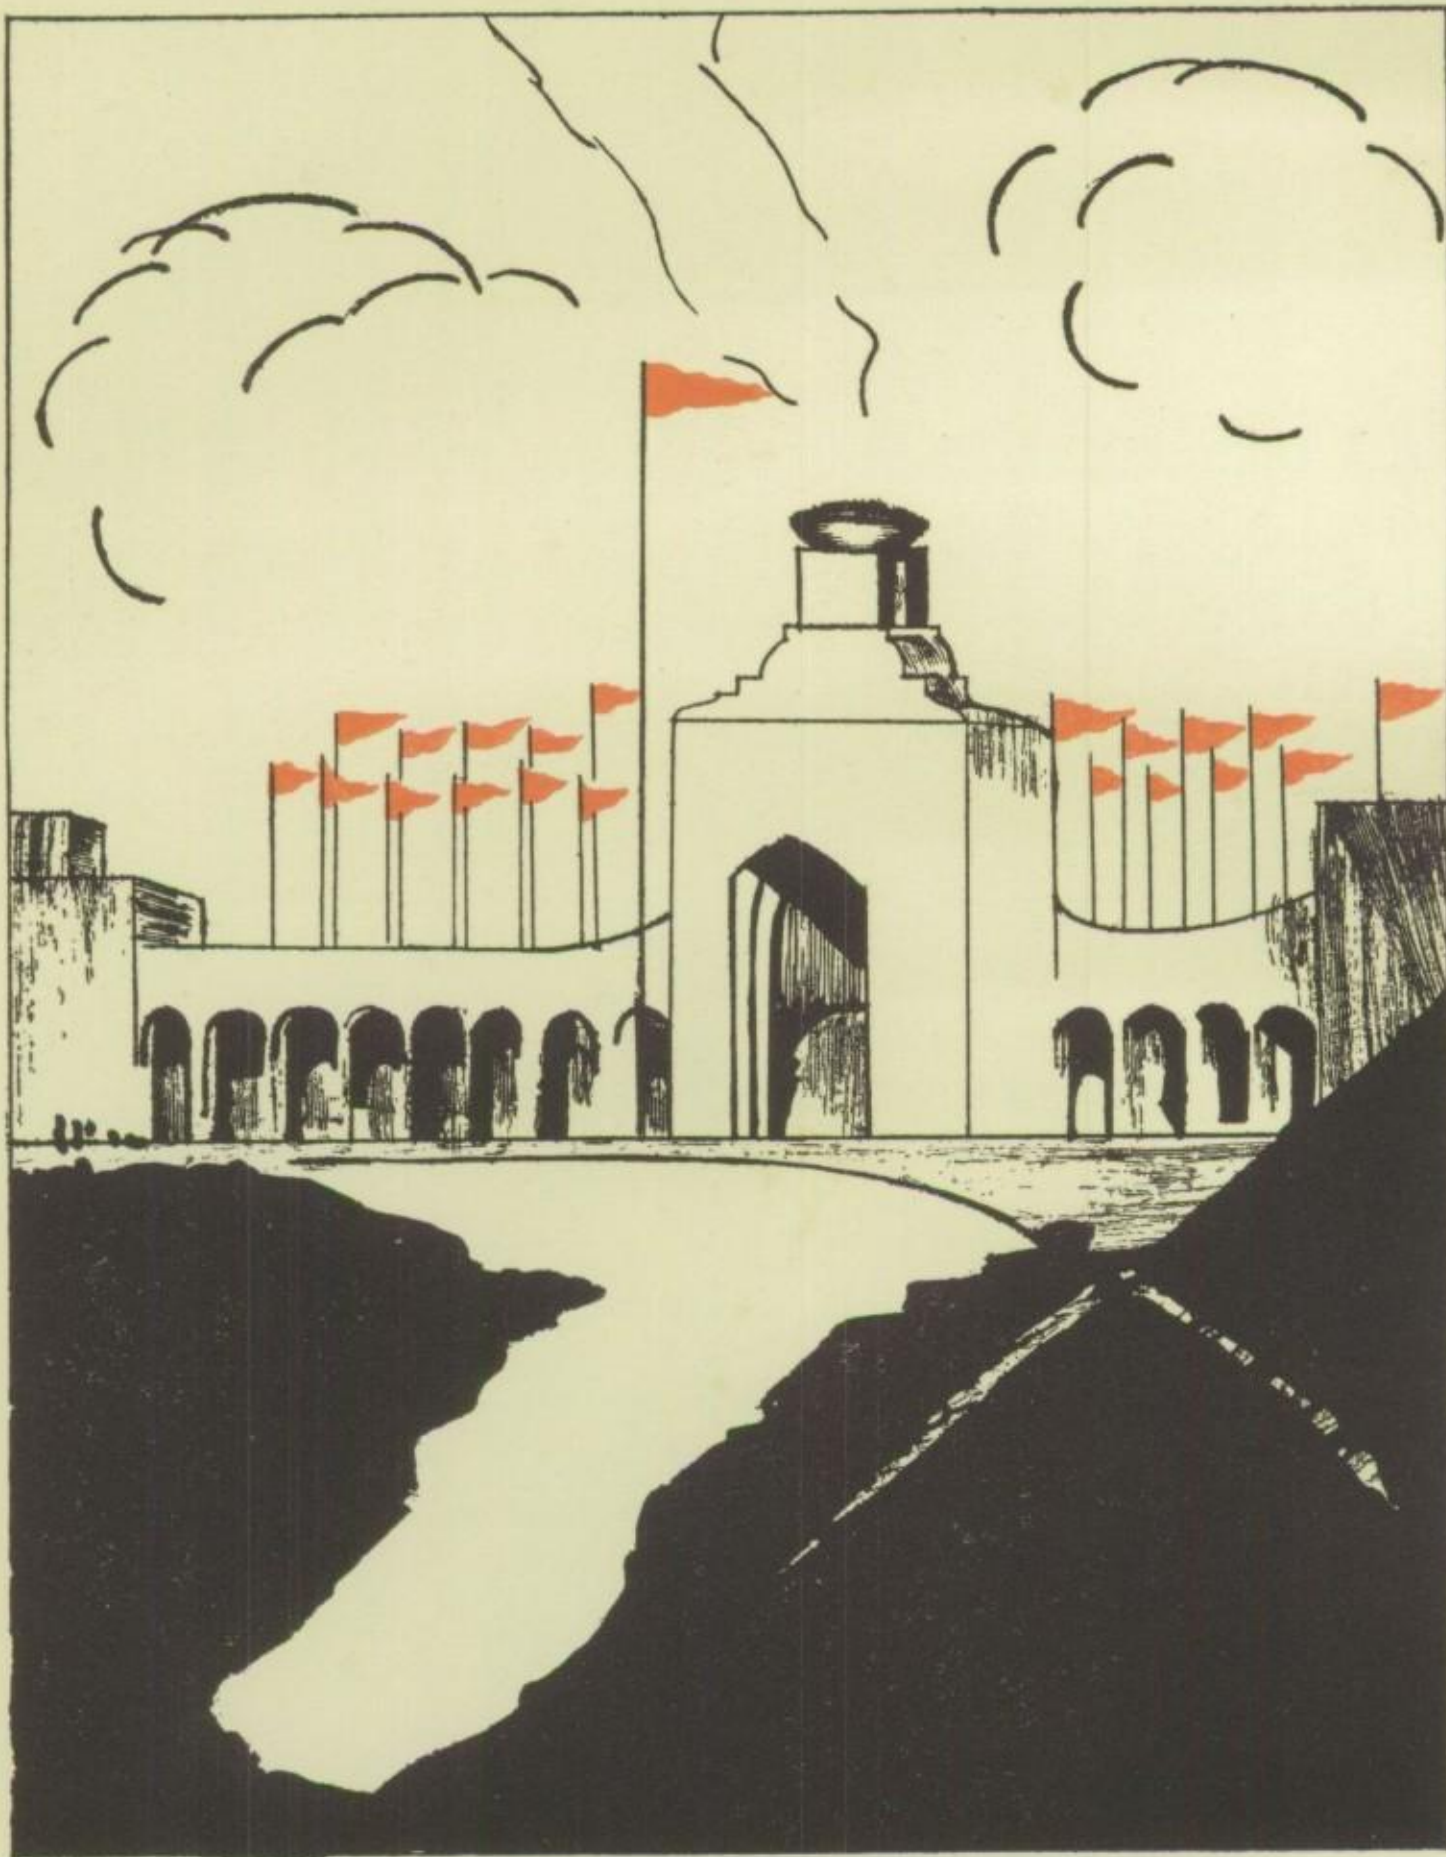

To Youth, that spirit exemplified in the Olympic Games, that spirit always striving for "the higher, the braver, the faster," that spirit to which the world looks for leadership and advancement, we, the Senior Class of 1932, dedicate this eighteenth volume of the Sibylline.

Board of Education

The Board of Education is that part of the school system to a great extent responsible for its success. These men give of their time and energy in supervising the schools.

This board meets once each month for transacting school business, and during the year has many special meetings to consider business of great importance.

To these men we are indebted for supplying the facilities needed in maintaining an efficient educational system in our high school.

School History

Since its founding, the city of Mt. Carmel has manifested a great interest in the education of its youth. In 1819 the first school was established in a log building.

The first high school was held on the second floor of the Seminary building located on the site of the present high school. Mr. J. W. Heninger was principal and Miss Kate Stillwell assistant principal.

The first class graduated in 1882. It was composed of two students, Mrs. Addie Phillips Chipman and Mrs. Norma Redman Habberton, both of whom are still residing in Mt. Carmel.

In 1891, the school board decided to buy a site for a new school in the central part of the city. The corner of Eighth and Mulberry Streets was chosen and the school was named Central School. The four rooms on the upper floor were used for the high school with four teachers. The first class to graduate from this school in 1892 had seven members.

School History—Continued

From that time the enrollment and the number of graduates increased until a new school building was needed. This need was met in September, 1914, when the present high school was formally opened. The faculty consisted of six teachers and a principal. There were sixteen members in the first class to graduate from the new school.

In December, 1930, the new Junior High School and gymnasium was dedicated. This building has nine modern school rooms, a sound-proof music room, and a well equipped manual training shop. The gymnasium is one of the best. It has a fine stage, a good basketball court, and a large seating capacity.

The course of study has been planned to meet the various needs of the students attending the school. In early times the only curriculum offered was academic, with the following subjects: grammar, English literature, rhetoric, Latin, algebra, plane geometry, ancient and medieval history, physiology, and zoology.

The present academic curriculum is practically the same as that first offered. This course is to prepare students for advanced work in college.

The commercial curriculum now available prepares students for work in the business world. This course includes shorthand, typing, bookkeeping, commercial law, office practice, commercial arithmetic, and salesmanship.

In addition to these, vocational courses are offered to both boys and girls. The girls may take cooking and sewing. Boys' courses are manual training, animal husbandry, soils and crops, and farm mechanics.

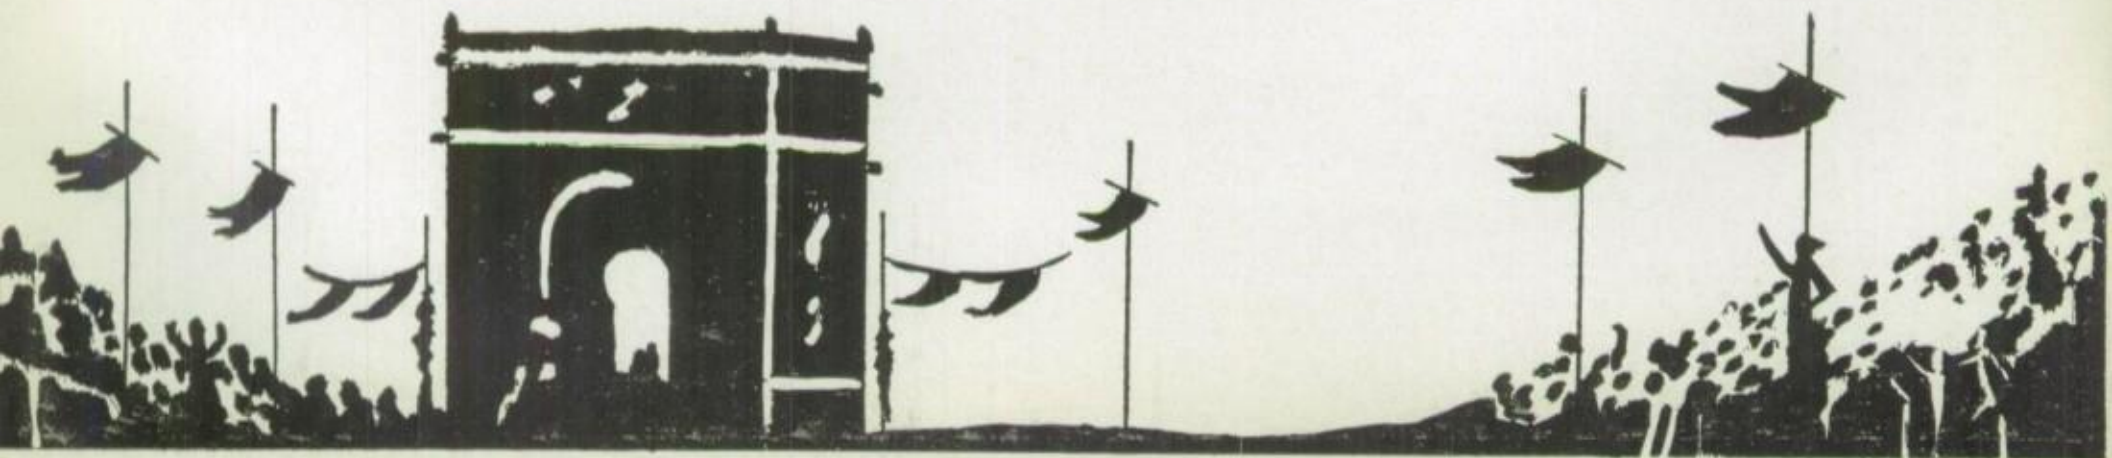

To keep up with the trend in modern education, extra-curricular activities have been planned to give pupils a chance to gain training and experience not offered in the classroom. These include a number of clubs dealing with various interests, dramatic and music presentations, and a publication staff.

The school has a well rounded music department with a band, an orchestra, both boys' and girls' glee clubs and quartets, a mixed chorus, and various instrumental ensembles.

Mt. Carmel is also noted for its clean athletics and good sportsmanship. The regular teams in football, basketball, track, and baseball offer training for many boys. Those not on varsity teams may compete in intramural sports.

During the recent years the enrollment in the school has steadily increased. This year it set a record with more than 530 students in attendance.

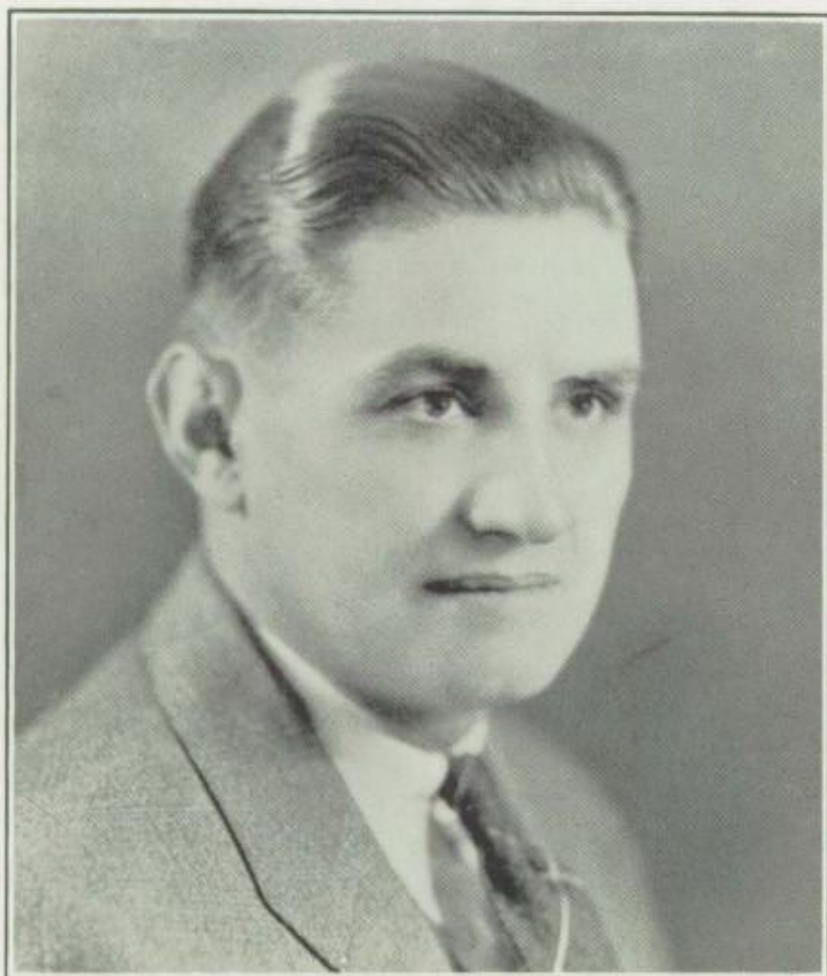

The fiftieth graduating class composed of 136 members will leave Mt. Carmel High School this year. This class is the largest in the history of the school. It will go forth equipped to meet the world as no other class has ever gone because with the increase in enrollment has come an improved system with improved facilities. Today Mt. Carmel High School, overlooking the Wabash and White rivers, stands as one of the best schools in the vicinity.

Class History

In September, nineteen hundred and twenty-eight, one hundred and seventy-seven entrants registered for a four year training course. Our instruction began by the appointment of Mrs. McLaughlin, Miss Mignonne Cheesman, and Miss Goedecke as special trainers for the on-coming tournament of life.

It took several weeks to become accustomed to the new training rules but we soon settled down to close observance. Our first official act was the choosing of our managers: President Billy McKittrick, Vice-President Eleanor Kasten, Secretary Marjorie Bonham, and Treasurer Frederick Beckerman. In October a skating party was enjoyed at Willy's Grove. Then in the spring, a party was held at the Grand Rapids Hotel.

We broke training for three months but returned in September with greater zest and spirit for the next year's activities. As Sophomores we had an enrollment of one hundred and twenty-seven. The special trainers for this year were Miss Mignonne Cheesman and Miss Baird, who proved to be of great value to us. Our managers were President Dell Atkinson, Vice-President Edith Lengelsen, Secretary Marjorie Bonham, and Treasurer Gilbert Froman. Our activities for the year were started by having a Halloween party. The gym was the den in which the spooks and ghosts reigned for the evening. We closed our second year by having a picnic at Denham's Lake.

As Sophomores we found that the working staff had changed and it was our pleasure to become acquainted with the new members. Several new ideas were introduced, clubs were formed, and students were given the opportunity to show their powers of leadership in other phases of school life than that of scholarship.

The third year found us returning to enter with vim and vigor the long, hard days of practice that were set before us. New and strict rules were introduced to the one hundred and thirty members and, as Juniors, we felt that our duties were increasing. As special trainers this year we elected Mr. Barnds and Miss Dixon to direct us in our future tasks. This year our managers were President James Tanquary, Vice-President Billy McKittrick, Secretary Clyda Jean Deputy, and Treasurer Eileen Main. Again we were entertained by spooks at a party. Various money making programs were carried out. "Skidding" was given by the McMurray Players of Chicago, and the proceeds were added to our treasury. "The Family Upstairs" was the feat which proved that the class was well supplied with amateur actors. We closed our third year by entertaining the Seniors at the annual Junior-Senior banquet in very attractive surroundings.

Our last year of training was a most colorful one. The number of entrants increased to one hundred and thirty-six, which is the largest Senior class in the history of our Alma Mater. We were directed by two very efficient trainers, Mr. Barnds, and Miss O'Neal. Our managers were President Harry Berry, Vice-President Frances Parkinson, Secretary Edith Lengelsen, and Treasurer Dell Atkinson. They filled the positions very well and carried out the responsibilities of the class to their utmost ability. Everyone took part wholeheartedly on every occasion in the last session of our training course. These were a Halloween party, the class play, a gipsy breakfast and picnic, and the Junior-Senior banquet which was a fitting climax for our social season.

And now the goal that we have been training for has been reached. The school paid her last tribute to the sturdy class of 1932 at commencement.

And so, Seniors of '32, as we enter the great course of life, let us strive to run the race with the same enthusiasm that we have manifested throughout our school career.

WORRYING

What's the use of worrying if a fellow has a pain?
 What's the use of worrying if you think it's going to rain?
 Each day will bring its sorrows
 And each day will bring its tears,
 There is Someone to help us drive away our fears;
 Ask God to help you every night and every day,
 A man can ne'er enjoy his life— until he learns to pray.
 Clyda Jean Deputy.

FAREWELL

I hardly know which note to strike,
 A note of sorrow or delight,
 For out we go this coming May
 "Into the world," as people say.

It may not be just altogether
 Smooth sailing or the fairest weather.
 There's bound to be a show'r or two
 But after that—all gold and blue.

We'll hate to leave our M. T. C.
 Though we come back—in memory.
 But let's set sail with buoyant joy
 Bon Voyage, friend—it's ship ahoy!
 Edith Lengelsen.

MY LIFE'S GOAL

When my last sun is sinking low,
 And I lie down to rest,
 I want to know that I shall go
 With having done my best.

What is my life if I but live
 To pick out just my share,
 When to the friendless I could give
 A little tender care?

My trembling all shall quickly cease,
 When He will say to me,
 "As much as you have done to these,
 You did it unto me."

Oh, fame may come, and riches grow
 But wealthiest are those
 Who straightly live this life, and go
 To even help their foes.
 Raymond Troutman.

THE GAME

The rain fell all that day and night,
 The field was slick with water;
 The Coach had said it's our big fight,
 Go in with plans to slaughter.

The game was started right on time,
 The ball was placed upon a line.
 The gun had sounded; with a thrill
 I knew that we had tied Lawrenceville.

The game was over; the crowd was still.
 Then all of a sudden I had a chill.
 There stood a boy in front of me
 Who aimed and hit the referee.
 Conner Camp.

HISTORY

Just two years ago eighty-six intelligent and refined students put their foot on the threshold of the Mt. Carmel High School. The officers were elected soon after the beginning of school. They were Richard Metzger, President; Raymond Kirkpatrick, Vice-President; Ruth Allison, Secretary; Lowell Painter, Treasurer, who with our able advisers, Mrs. McLaughlin and Mr. Deerwester, were able to maintain a high standard within these four walls. That year we had a Kid Party in which everyone acted somewhat "kiddish." Later in the year we showed our skill when we acted out a play composed by one of our intelligent classmates for convocation.

Then as time rolled on, we advanced one notch ahead. During our Sophomore year we heeded the counsel of Mr. Garrett and Miss Baird who with our class officers, Lowell Painter, Ruth Allison, Frances Tanquary, and Alonzo Meriwether, made our school work more enjoyable. During that year we had a Christmas Party in the old gym just before the holidays. Santa Claus came and brought much gaiety with him.

We are now Juniors and our number has decreased from eighty-six to eighty-two. We have elected as officers this year Frances Tanquary, President; Ruth Allison, Vice-President; Catherine Weigand, Secretary; and Joe O'Day, Treasurer; with Mr. Arrick and Miss Goedecke as our capable sponsors. We entertained the spooks at a Halloween Party in the fall. We have carried out various money-making activities during the year. The most important of these, showing our talent, was the Junior Play, "Broken Dishes," which we presented to the student body and community. The crowning event of the year was the Junior-Senior Banquet given in honor of the Seniors.

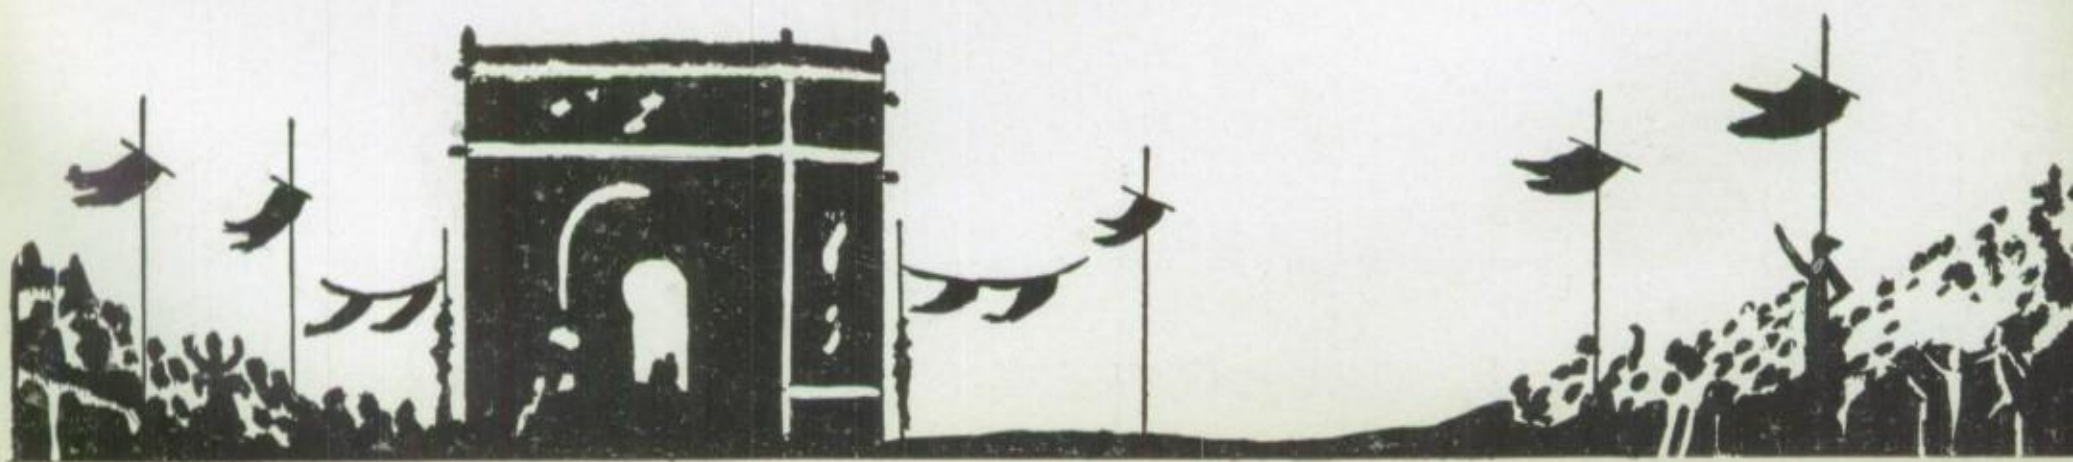

We have liberally contributed musicians, artists, poets, and athletes to old Mt. Carmel High. We have gained much knowledge and next year we hope to add much to the honor of our school with our talent.

THE OLD DESK

The scratched and worn old desk con-
versed

In a scratched and worn out voice.
And the tales he told in his sad old way
Made my nose and eyes quite moist.

He was going away from the school to-
day,
In a bright red junk cart new.
And he'd ne'er return to the place he
loved,
For he'd served his time and was thru.

He told of the girls, so pretty and
young,
That had nestled so snug in his arms,
And giggling hid all their love notes
away
When a teacher caused quite some
alarm!

"And the boys," said he, (while he
dreamed away)
"Have been such a pleasure to keep.
They've told me their joys, and their
secrets, and hopes,
While pretending that they were
asleep."

And as he talked on of the days gone
past,
I wondered—as he sat by me—
If anything else in this wide world o'er
Was as helpful, and wealthy as he.

Margaret Rue Stansfield.

SPRING

Er—ah—spring!
You simply priceless old thing!
I'm terribly shocked at the signs that I see;
The jolly old sap in the top of the tree;
The priceless old lilac, and that sort of rot;
Jolly well cheers one, does it not?
It's so horribly bright,
So amazingly right,
And you feel as one feels who gets rather—ah—tight.
There's a taste in the air;
If you know what I mean,
And the grass, as it were,
Is so beautifully green.
And we shall soon have that grand old thing
Er—ah—spring!

Catherine Weigand.

TO THE SENIORS

You've been a very loyal class
To our Mt. Carmel High.
You'll soon receive diplomas
And then you'll pass on by

We Juniors want to say a word
A lingering "farewell."
How much we'll miss you when you're
gone
Is just too much to tell.

Ruth Allison.

HISTORY

The class of '34 sprang up in the fall of '30 with an immense overflow of students. These "Freshies" nearly crowded out the upperclassmen and a new home room had to be arranged to accommodate the surplus. In all, it was the largest class ever started in the history of the school with a membership of one hundred seventy-three.

They started out with an opening meeting to elect officers and sponsors. The election resulted as follows: President, Claire Grubbs; Vice-President, William Smothers; Secretary, Floyd Clark; Treasurer, Donald Douglas. The sponsor chosen was Miss Leola Goedeke to be assisted by Mr. O. O. Mowery. They proved to be very able helpers.

The biggest activity was a masked Halloween party in October. A thrilling ghost walk, games, relays, and a grand march to select the king and queen furnished the entertainment. Of course, both boys and girls started out in athletics, some of the boys being on the basketball squad and the girls entering all sports.

The Freshmen ended the year with all the English classes going on picnics or weiner roasts. Each class went separately with its teacher as chaperon.

But in '31 we came back, one hundred forty-eight strong. All the old pep and enthusiasm was still there but there was one great difference—we had attained the sublime title of "Sophomores."

At our first meeting we again elected officers and sponsors. Miss Jewell Dixon was elected sponsor and Mr. Russell Garrett assistant sponsor. The sponsors are proving very capable.

The class had a masked Halloween Party in the old gym in October in the form of a Chili Supper. Other activities are planned which will give added zest to the class to finish up the year with a fitting climax.

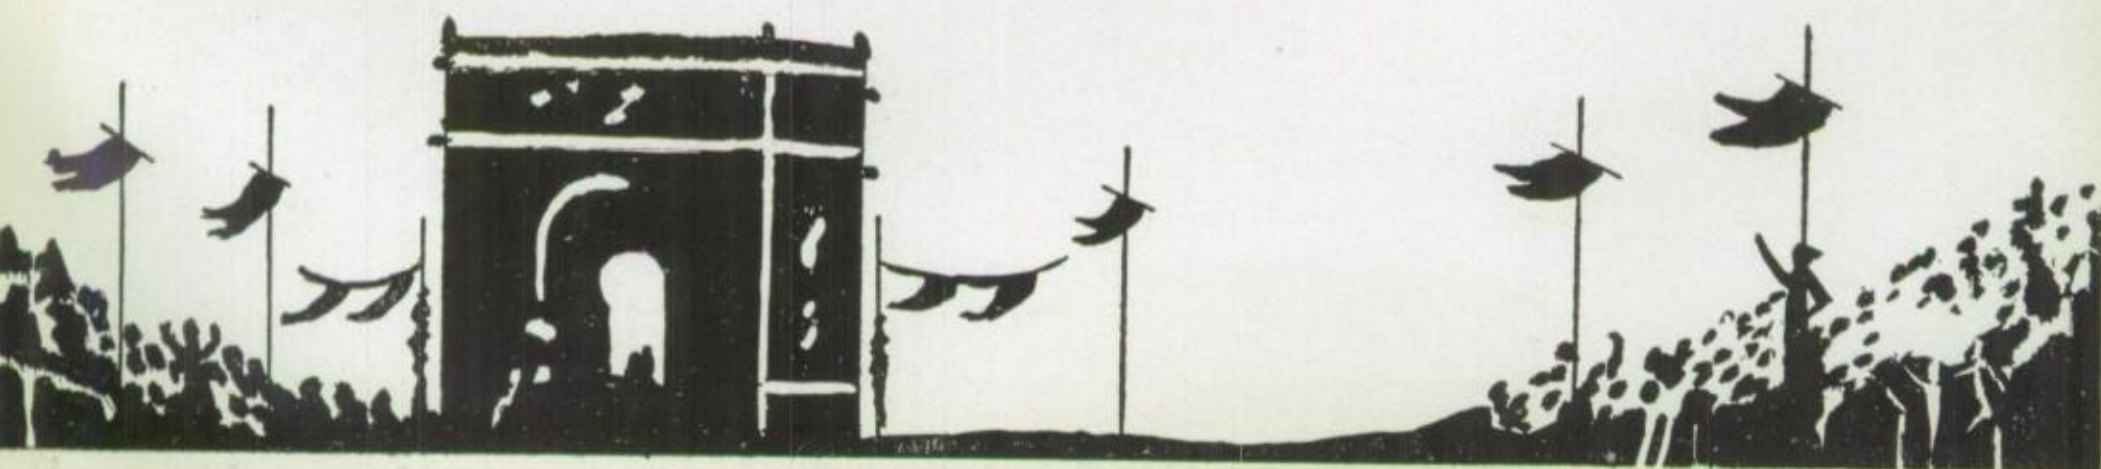

During the remaining two years of our school life, we hope to give added fame to the glorious name of "Mt. Carmel High," and forever keep it enthroned in our hearts.

Sophomore Contributions

SOPHOMORES

We aren't sophisticated like the Seniors seem to be;
Nor are we egotistical like the class of '33;
We're far from even having any Freshman's reputation,
Indeed we're trying hard to be an excellent creation.

They called us dummies last year,
And we never got a cheer,
But with our pep and pluck we're sure to soar,
That's why I'm so happy that I'm a Sophomore.

Claire Grubbs.

THE RESOLUTION

He faltering stepped into the house,
And gazed about—quiet as a mouse.
He put his books upon the floor,
And silently waited by the door.

He heard a noise—he was doomed,
And then a deep bass voice boomed,
"Young man, your teacher sent me a
note,"
His voice was stern, cold and remote.

Despite his plans after being so bad,
He would be caught and by his dad,
So he dutifully handed over his card,
Stood back and listened as if on guard.

The next few minutes he was in a shed
Receiving blows that were not on his
head.
Sitting on a pillow and looking at his
card,
He resolved that night to begin study-
ing hard.

Helen Madden.

MY DOG

Ralph Oscar's his name,
And a good name it is,
For Oscar, he knows it,
And knows that it's his.

He's a very nice dog,
But he has his faults too;
Like all other dogs
Akin to him do.

He barks all the night,
And keeps us awake,
But that doesn't matter
He's guarding our fate.

He comes when I call him,
With his ears all erect,
And looking for something
He can easily wreck.

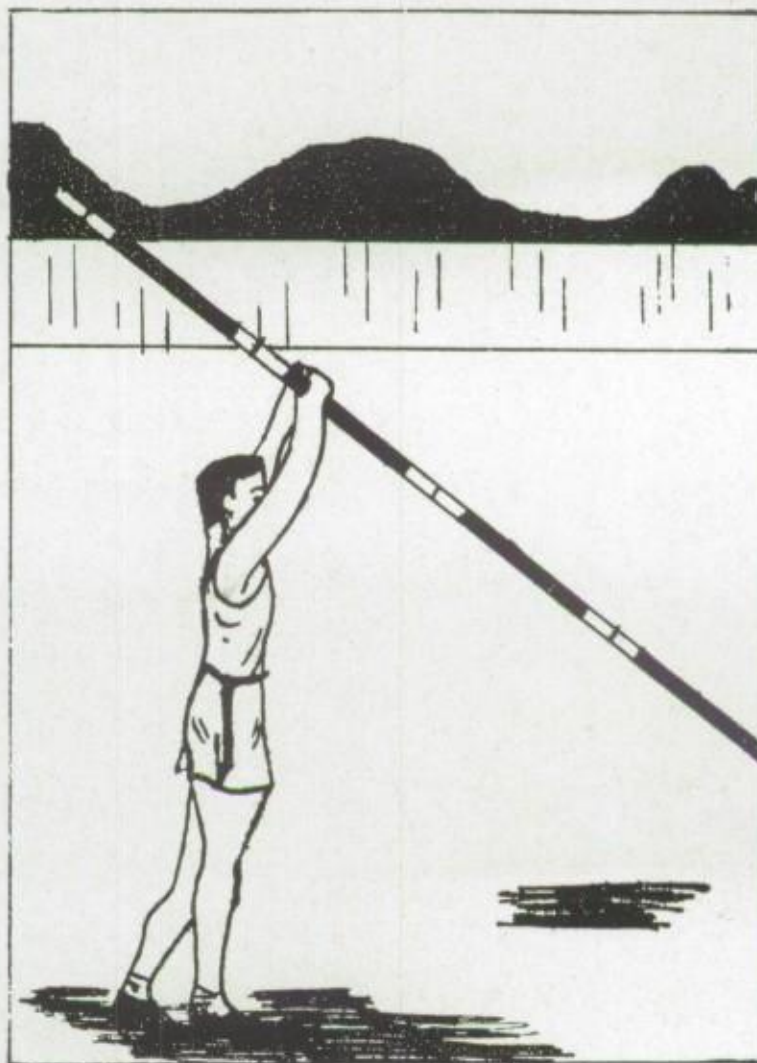

He has a nice house
With a gunny sack bed.
But he doesn't like it
And he lives in the shed.

He doesn't chase cars,
Nor bark at the trains.
But he howls when he hears
Any musical strains.

HISTORY

Doubtless we were a rather hopeless looking bunch to our upperclassmates, but in the fall of nineteen hundred thirty-one, our dreams realized, we, one hundred and thirty-three ambitious freshmen, boarded the good old ship of Mt. Carmel High School for one big and glorious career. As soon as school was organized, we selected our class sponsors, Miss Mignonne Cheesman and Miss Giltner, and the following officers: President, Edward Andrus; Vice-President, Charles Rafferty; Secretary, Betty Lou Schrodtt; and Treasurer, Robert Metzger. In just a week or two we felt ourselves at home and resolved to do our best.

One of our social events was a Halloween party given in the gym. It was a success in every way, so much so that we all wished Halloween might come often in the school year.

The Freshman boys made a good record in basketball activities playing fourteen games, winning nine and losing five. We feel quite sure the boys will develop into finished basketball players in a year or two.

The High School band, under the direction of Prof. Floyd Perkins, has played for all the football and basketball games at home and a few away from home. The Freshmen were well represented, being twenty strong.

The Freshman class has been represented in most every activity in the High School, and as usual with under classmen we have not had the privilege to show just what we can do, but as we grow older and stronger we trust we will be able to turn out one of the largest and best classes ever to graduate from Mt. Carmel High School.

And since we have reached the end of our first trail we are sure that we can continue onward, feeling that we are an essential part of the Mt. Carmel High School.

TO A FOUNTAIN

White and lonely stands the fountain in the corner of the hall;
 From it comes the tinkling of a tiny waterfall;
 But in the early morning when the ground is spread with dew,
 In stroll the early janitors and take a drink or two;
 In bustles Mr. Scales with assemblies on his mind,
 And embraces the good old fountain like a glass of rare old wine,
 In a drink his troubled head seems speedily to clear,
 It has helped him to a plan and his troubles disappear.

Now the early students one by one arrive,
 They cluster around the fountain like the bees around a hive,
 They discuss the coming tournaments with a strong determination,
 And hope to win those games and avoid examinations.
 Down the hall there comes the clatter that they do all know too well;
 It is the jangling of that ever present bell.
 They gather round the fountain for a sip before they go,
 Each head is stooped or o'er the fount each back is bended low,
 As they leave the good old fountain not a tear is in an eye,
 For each and every pupil knows the thing will not go dry.

Grandon White.

A FRIENDLY WARNING

She looked around the assembly
 Not a teacher was in sight,
 She had a very pressing note
 For the girl upon her right.
 She stood up in the aisle,
 This important note to throw.

It landed at the other feet
 But then, she didn't know
 A teacher stood behind her back
 Until, sad to relate,
 She got a little blue slip;
 And then it was too late.

Anne Denton.

THE DEPRESSION

Do you remember as you lie back and yawn,
 The tough old times of the days by gone,
 In the years '29 to '32
 When they had bread lines and soup kitchens too?
 Dollars were stretched until they broke,
 Yet many found money for tobacco and cokes,
 Heads became gray and weight was lost fast
 And most every day was worse than the last.

William Skinner.

EVENING

The purple clouds of evening
 Are fading in the west.
 The vesper sparrows' music
 Comes floating from the nest.

The village chime is ringing
 Its echoes near and far,
 And God's own hand has lighted
 The silver evening star.

Beatrice Brown.

FOOTBALL

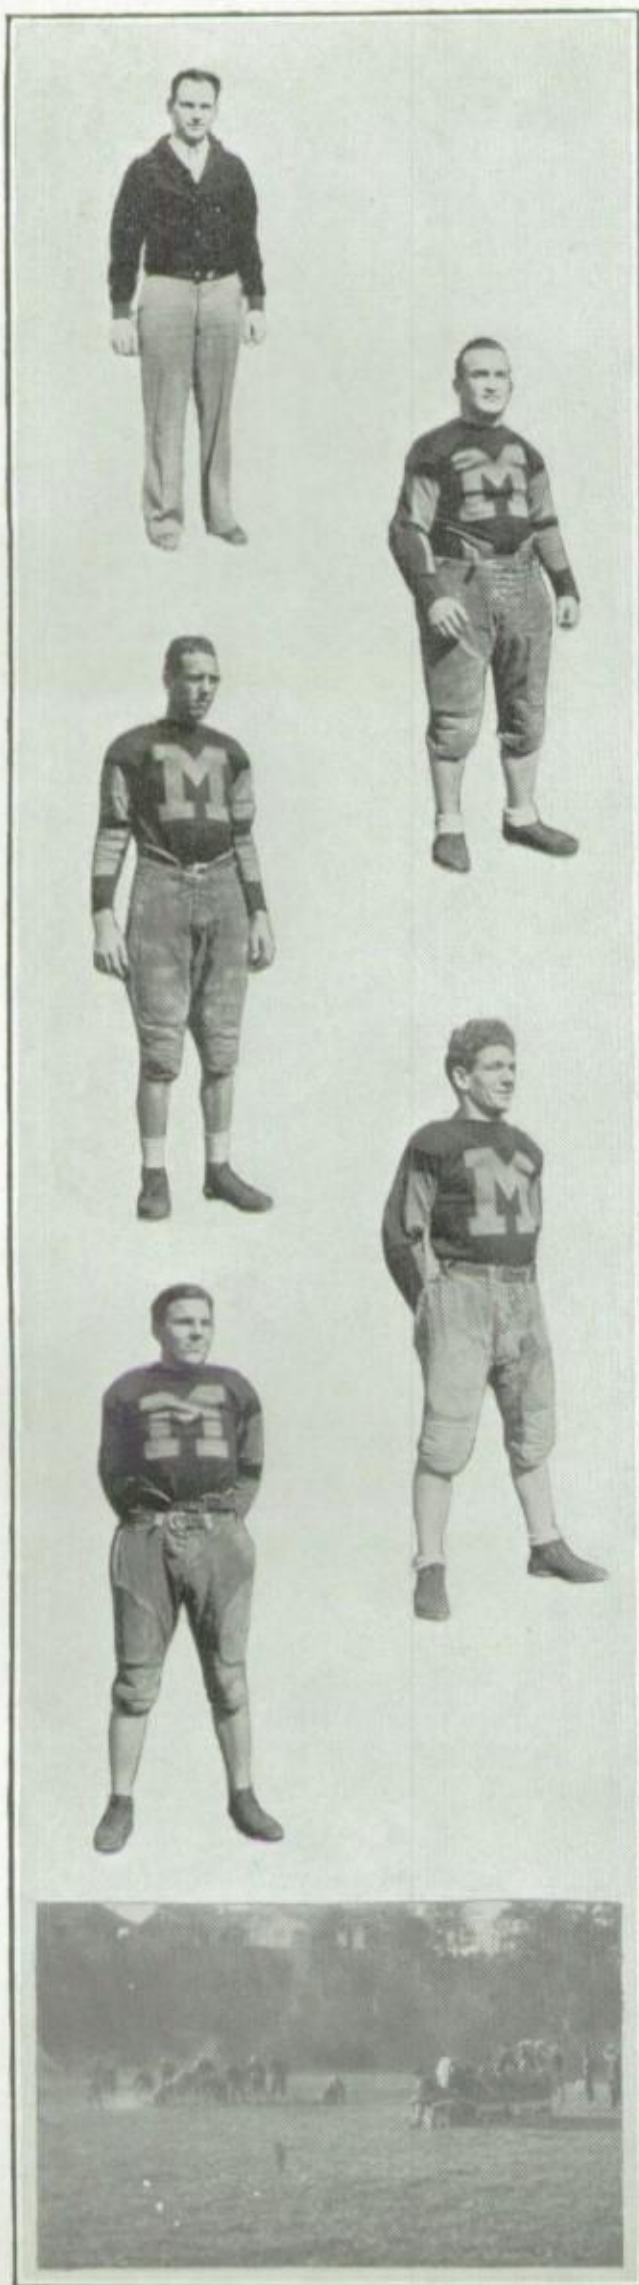

The Aces opened the season right by trimming Grayville there by the large score of 47-0. Coach Gould gave the entire squad of 27 a chance to play at some time during the game. Harold Camp scored the first touchdown of the season after a 25-yard run at the first of the game. Each one of the substitute groups looked good and was able to score at will. The team fulfilled and even surpassed the pre-season predictions as to its strength.

The next game was played here with Flora who had a well balanced team. They defeated us 20-13, but our team made a good showing, being strong on offense. Flora scored on around-the-end plays because of our new and inexperienced line. As soon as the Mt. Carmel backfield got the ball they started down the field. Mt. Carmel was able to score but twice although they threatened Flora's goal several times.

Mt. Vernon journeyed here for our third game. Fate ruled against us for the Aces outplayed the Orange and Black, but each time Mt. Carmel threatened to score Lady Luck decreed that we be unsuccessful. Mt. Carmel advanced to within scoring distance several times but each time lost the ball on a fumble. In this game, Mantle, behind a perfect interference, ran back a kick-off for a touchdown. DeWitt and Lafferty were outstanding in the line. In spite of all this exceptional playing Mt. Vernon defeated us by 1 point, 7-6.

The Aces then went to Bridgeport for a night game which was won 20-14. Again the boys showed a world of strength and power on the offense but due to injuries during the game the defense was weakened. Bridgeport scored twice on passes which would not have been completed otherwise. The two Camp brothers in the backfield and BeDell, Lafferty, and Snyder in the line were the outstanding players in this game.

Next Olney came here to play the Aces. The Olney boys went down to defeat 19-0 beneath the smashing line and

backfield. Taylor, Trover, and Bill Smith went through many times to throw Olney for a loss. They also caused Olney to fumble with Mt. Carmel recovering. Cotner carried the brunt of the attack in the backfield and crashed through the line for several very substantial gains. Vire also made several nice gains behind excellent interference.

The Reitz Hilltoppers gave Mt. Carmel her worst defeat of the season. Reitz defeated us there by a score of 26-0. They were a large and more experienced team than the Aces. Due to a hand injury Snyder of the Aces was out of the game, and as a result the line was much weakened although Peters played a good game in his place. Atkinson was outstanding because of his consistent tackling. That the Aces did very well against the odds is the consensus of opinion.

On Armistice day the team went to Lawrenceville to play the Indians for what was expected to be the most exciting game of the season. Lawrenceville's past record for the year gave them the advantage over us according to most fans. Everyone knew the Aces would do their best and would not concede the Indians the victory. These expectations were fulfilled and even exceeded for the game was a 12-12 tie. The Aces gained more yardage from scrimmage, made more first downs, completed more forward passes, and punted farther than Lawrenceville which shows that they outplayed their opponents. The whole Mt. Carmel team was in there fighting and while all played exceptionally well, no one person seemed to stand out. This is the test of perfect teamwork.

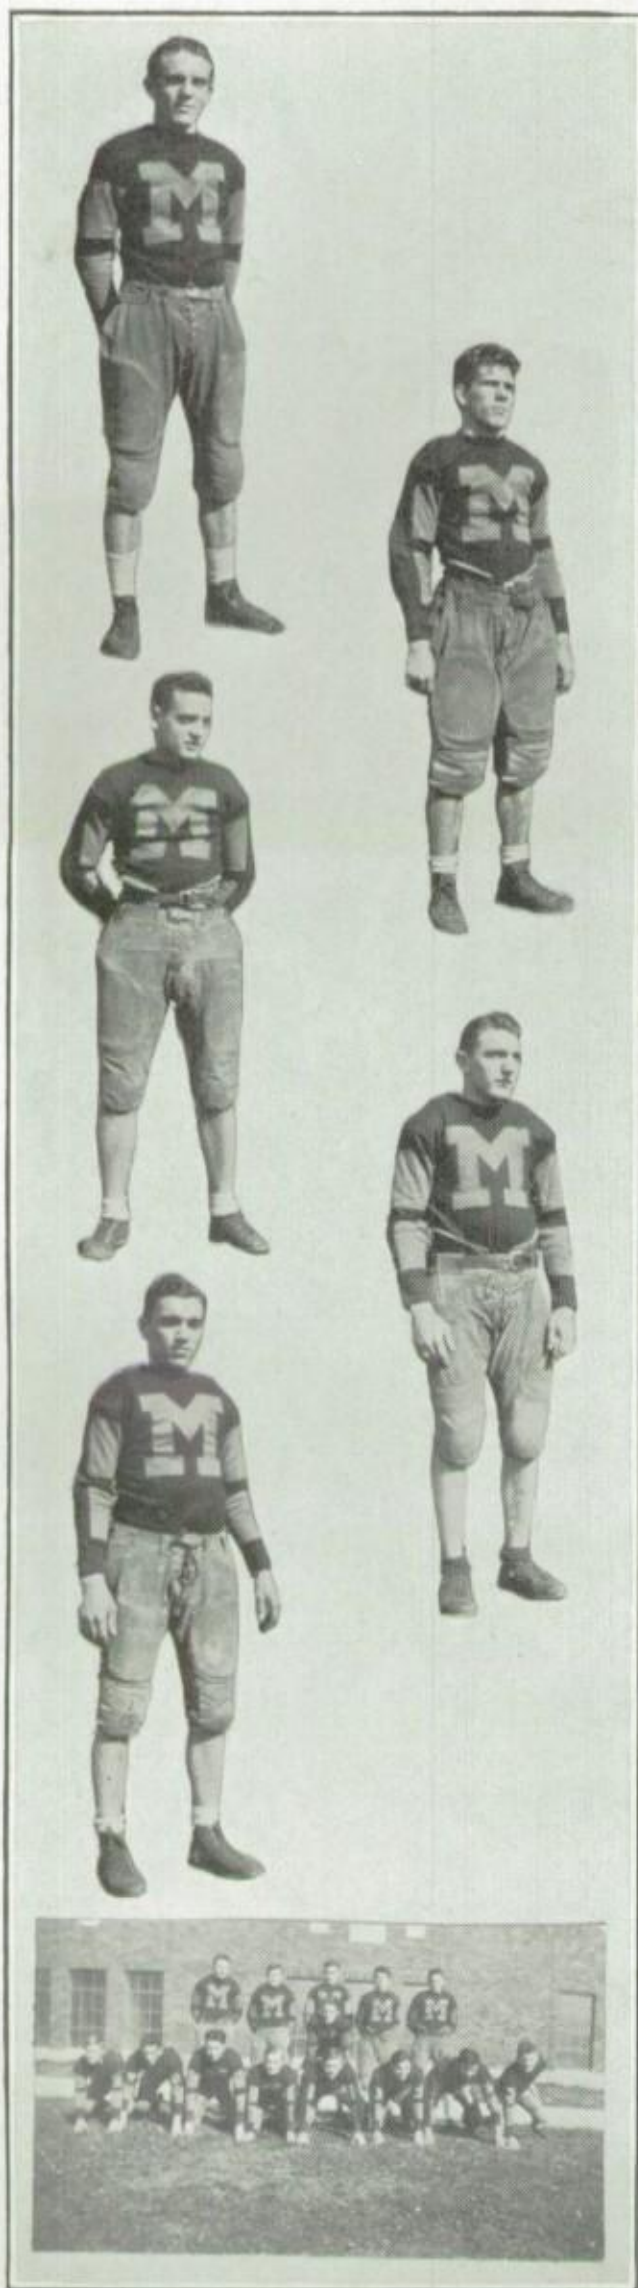

Fairfield played the Aces here for the next contest. The proceeds of this game went to charity. Fairfield won 6-0 by a touchdown made in the last few minutes of play. Due to the rain it was necessary to play at Booster Park, where the field was a sea of mud and water. The team played well but the breaks were against them. Snyder played one of his best games of the year, being powerful on offense as well as on defense.

Thanksgiving Day was the date for the final game of the season which was played here with Princeton, Indiana. The Aces took the lead at first with a touchdown and they played well. Nevertheless this seemed to be another hard luck game for Mt. Carmel failed to make the extra point. Soon afterwards Princeton came back with a touchdown and an extra point which gave them the game 7-6. The Princeton team was a good, hard hitting and fighting team.

To sum up the whole season, one would say it was successful, although we did not win all of the games. The games that we lost, with the exception of the Reitz game, were all close and evenly matched. Several times we outplayed our opponents. We won three games, tied one, and lost five. Altogether the team showed a marked improvement over the one of last year. Many of the squad will be back next year namely: Hungerford, Taylor, Bill Smith, BeDell, Wayne Smith, Peters, Painter, Kasten, Wright, and Weaver.

A world of credit is due to Coach "Hurley" Gould for his excellent coaching given to the boys. Next year we hope you will have the undefeated conference champs, Hurley.

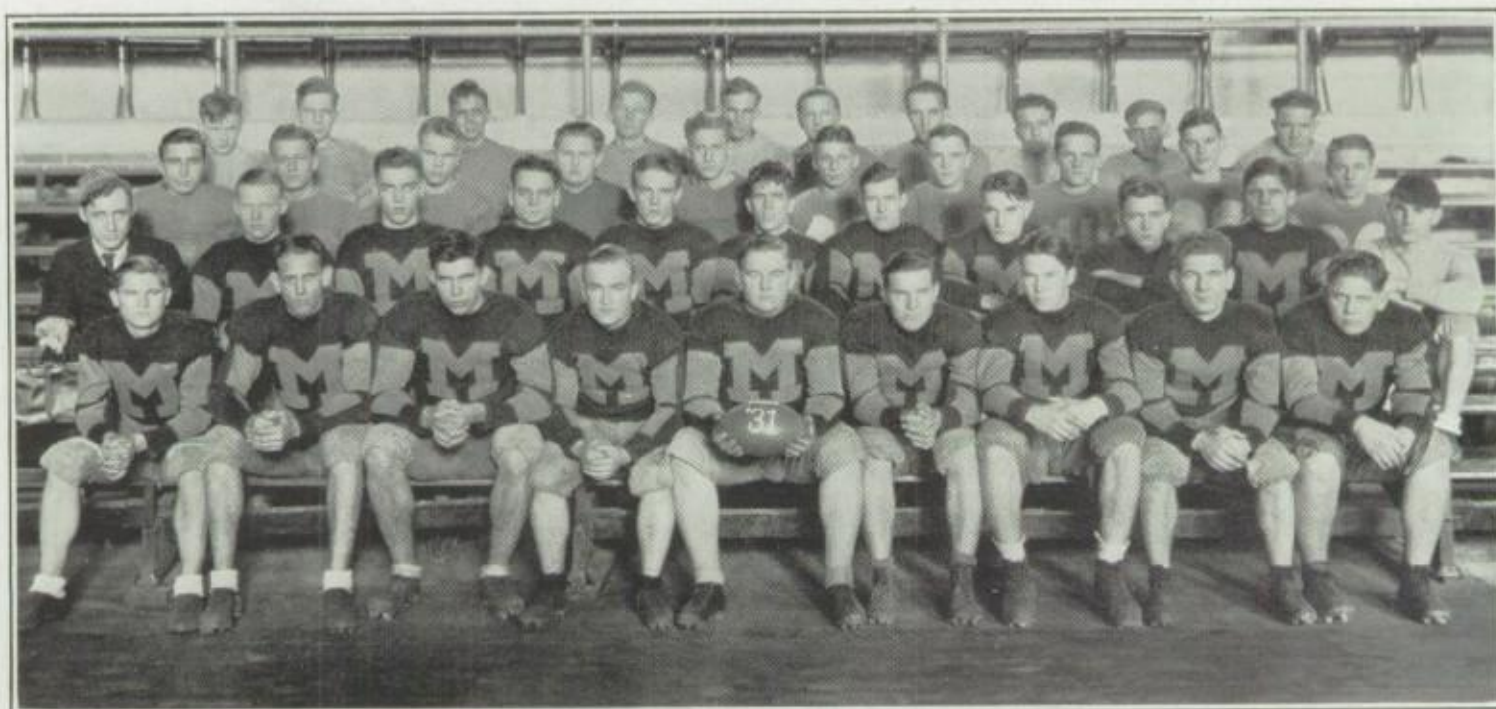

The following players received major letters: Hungerford, Taylor, DeWitt, ends; Bill Smith, Trover, tackles; Lafferty, BeDell, guards; Snyder, center; C. Camp, Mantle, Atkinson, halfbacks; Vire, H. Camp, quarterbacks; Cotner, fullback.

Those men receiving minor letters were J. Talley, Woods, Dunkel, R. Talley, Majors, Wayne Smith, Wilcox, Coleman, Peters, Painter, Kasten, Wright, Weaver.

There were several others who remained out all season but who did not play in any game, namely: Johnson, Wager, Hoskinson, Andrus, White, I. Hungerford, Thornton, Garrett. These boys deserve much credit for their perseverance and for their assistance in strengthening the first team.

The manager of the football and basketball teams this year was Joe Parker. He deserves much credit for keeping the equipment in the best of order.

BASKETBALL

The Maroon and Gold Aces opened their season by playing a game with Elkville, a rather strong team. Although Coach Gould started with a new team they came through for a 21-13 victory. The starting five were Hungerford and Mantle, forwards; Taylor and Atkinson, guards; and Trover, center.

On the next night the team went to Robinson. The game that night proved to be a very thrilling one which the Aces won 17-13. It was closely contested however with Robinson leading 9-6 at the half. The whole team played well but Trover played an outstanding game both on offense and defense.

The next game was with Bridgeport, which we won by a score of 19-17, but only after a sustained scoring drive. The Bridgeport Bulldogs had made an improvement over last year and they had a fighting, hard-to-beat team. This game could be characterized as a guarding game.

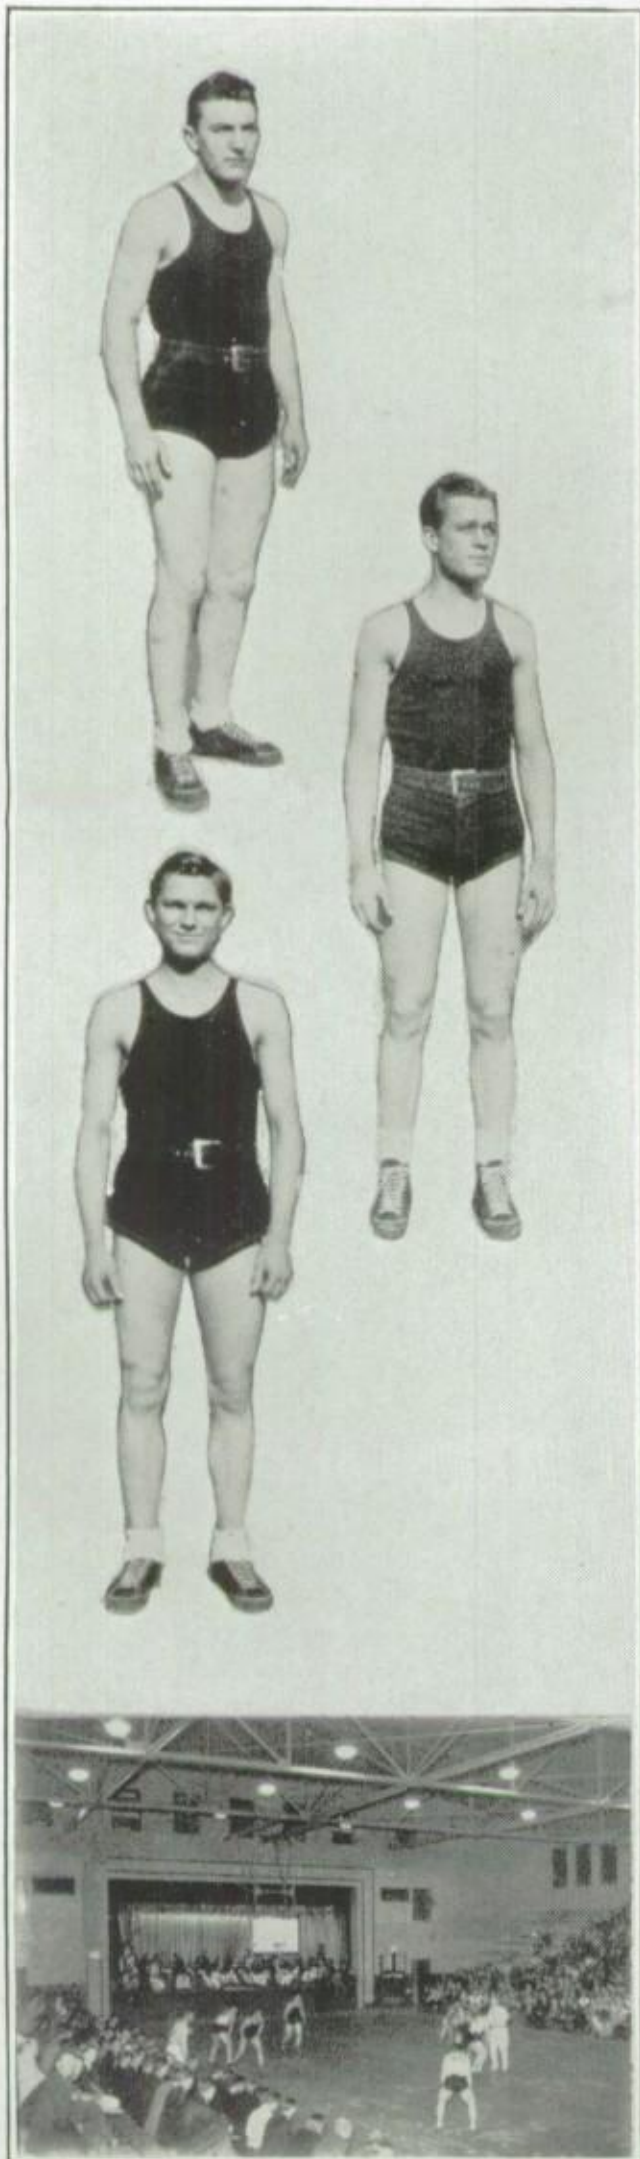

On the following night the Flora team journeyed to Mt. Carmel, but went home a much sadder and wiser team bearing with them a 17-9 defeat. This was another guarding game. The Aces held the Flora team to two field goals.

Following a short Christmas vacation the Aces departed for western Illinois. On this trip the Aces gleaned two hard fought victories besides having an enjoyable trip. They first defeated Collinsville in an exciting game. The score was tied 14-14 with 10 seconds to play when the Aces called time out and planned a play which worked perfectly and afforded us the winning score.

The next night the Aces battled Centralia. After the smoke cleared away Mt. Carmel was the victor by a score of 30-23.

The next game was with Lawrenceville. This was attended by about 3,000 fans. The Aces thoroughly outplayed Lawrenceville throughout the game but lost by 2 points in the final period after Hungerford had been taken out of the game because of personals.

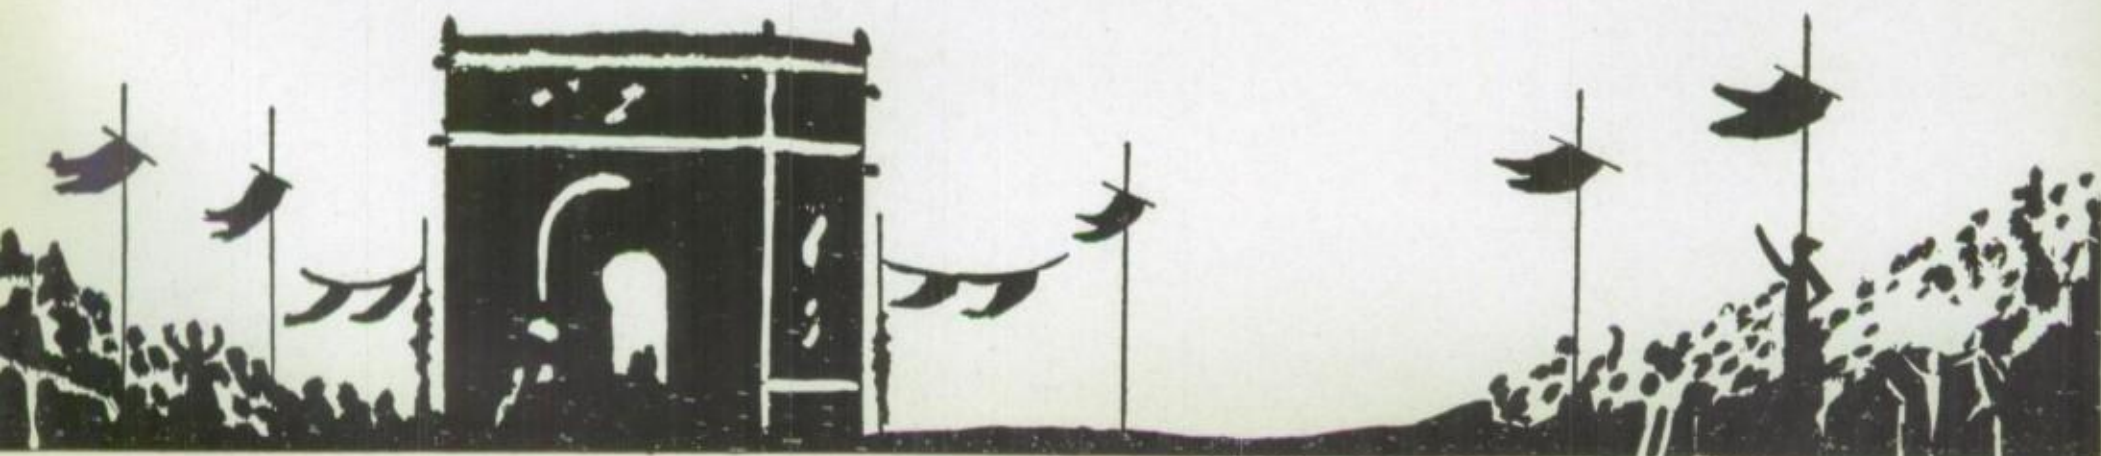

The team next visited Flora where they made up for their first defeat of the sea-

son by sending the Flora Wolves down to ignominious defeat by a score of 43-18. The Aces played Flora completely off their feet.

The Aces played an out-of-the-state game with Princeton there. The Aces won easily although Princeton had a good team. Coach Gould used twelve of the squad in this game.

Our next game was with Mt. Vernon, here. This was another victory for the Aces but the game was much closer and harder fought than the score of 31-21 indicates.

Olney was the next quintet to which the Aces administered defeat. The game was played here. Mt. Carmel won this game by a score of 22-13.

We received the second defeat of the season at Mt. Vernon. This seemed to be an unfortunate day because the team was not able to get started. Everything went wrong, especially the score which was 39-20. Two players were sent out of the game on fouls. We lost to a good team which makes the defeat much easier to take.

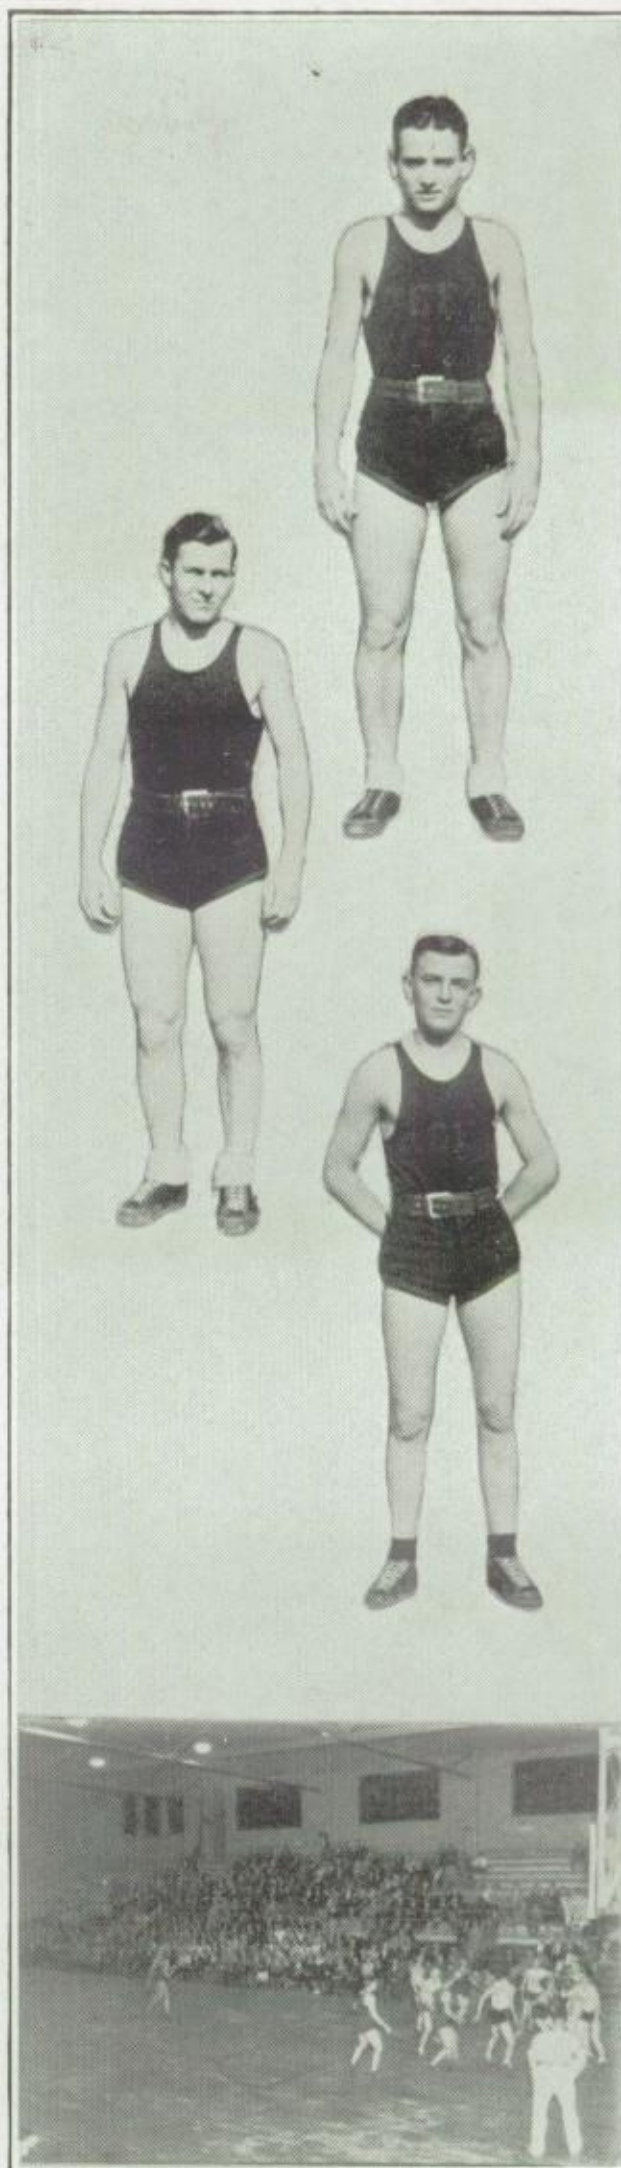

The next game was with Albion here which resulted in another victory even though the Aces did not play up to their standard. The score was 30-17. Mantle played for the last time in this game.

Bridgeport next brought their five to play here but they took them back rather sadly after a 20-13 defeat. Bridgeport's team had greatly improved since the first encounter of the season and the Aces had to fight hard in order to win.

The Aces played another Indiana team. Owensville won a well earned victory 19-9.

Centralia came to Mt. Carmel with the express intention of giving us a trimming but were disappointed for we were victorious to the tune of a 28-20 score. Centralia played man-to-man defense over the entire floor which proved baffling to the Aces during the first half of the game. This was remedied and the team played Centralia to a standstill during the second half.

The Aces next visited Olney to engage in a battle with Van Cleve's Tigers. This

was a game which everyone had anticipated because of the small floor upon which it was to be played, and a peculiar 5 man circular defense. These proved to be difficult obstacles but they were overcome by the Aces as shown by the score, 26-23.

Oblong, the Southeastern Illinois champs, next visited here to do battle with the Aces. This was the best coached team which we encountered all during the season and it was only after a long, hard fight that we defeated them by a score of 18-13.

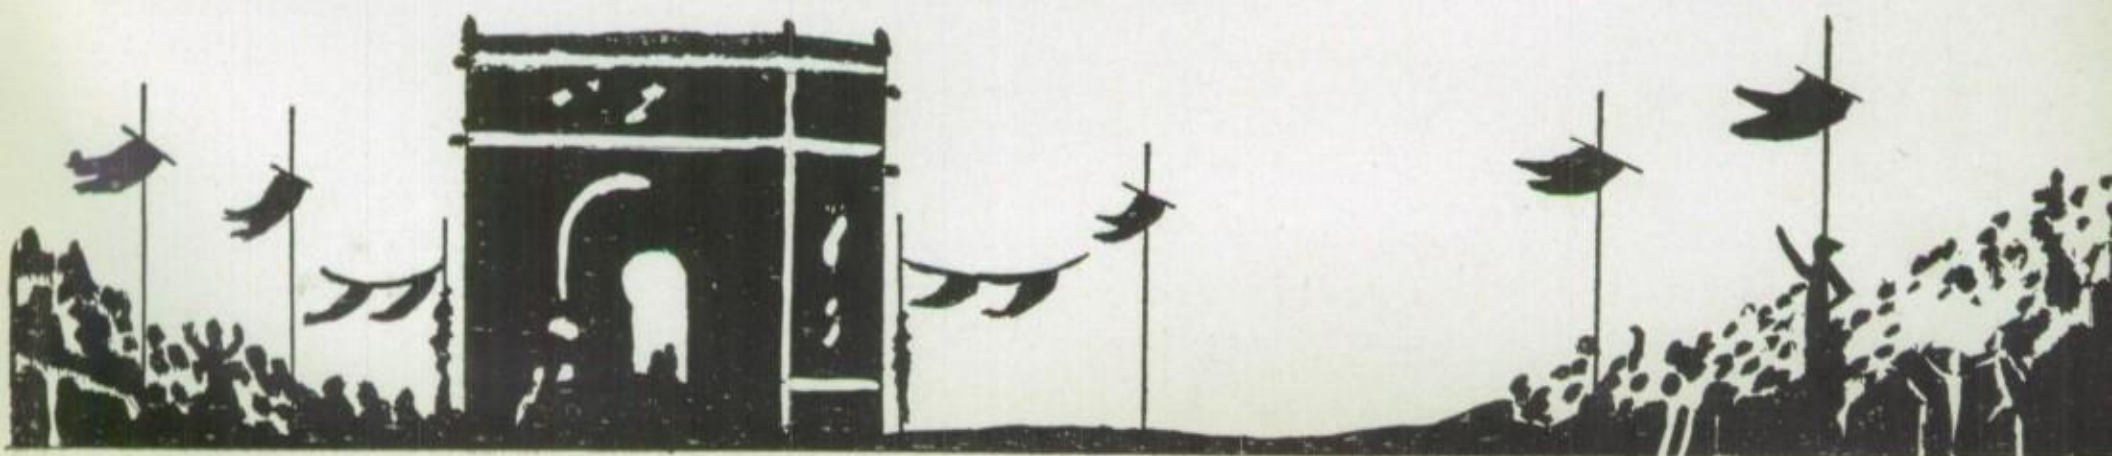

The return game with Lawrenceville was played in Bridgeport's gym because of the great seating capacity. This, it was thought, would give Mt. Carmel a slight advantage but apparently it did not. This game was a duplication of the second game with Mt. Vernon, another defeat, and in the same manner. The boys played well for about half of the first quarter, but after that they seemed to be floundering in a sea. The Lawrenceville team was clicking perfectly and they swamped our boys with baskets. The score tells the story in eloquent manner 33-17.

Our last scheduled game of the season was a triumph, for we played and defeated the strong Johnston City Indians here. The Aces played an air tight zone defense allowing the Indians only one field goal after the first quarter. This victory was a feather in the Aces' cap, for Johnston City was generally conceded to have one of Southern Illinois' strongest teams. The score of 22-17 shows how closely the game was contested. This victory was a fitting climax to a successful season.

Bridgeport defeated the Aces in the first game of the tournament at Bridgeport by a score of 28-26. The Aces played in hard luck that night making 10 points which did not count.

This year's lettermen, who fought through an excellent season, were Trover, Atkinson, Taylor, Mantle, Thornton, Hungerford, Stoltz, Talley, and Vire.

Others who stayed out all season were Weaver, Wright, Kasten, Tapley, Mollenhauer, Shoaff, D. Taylor and Stokes.

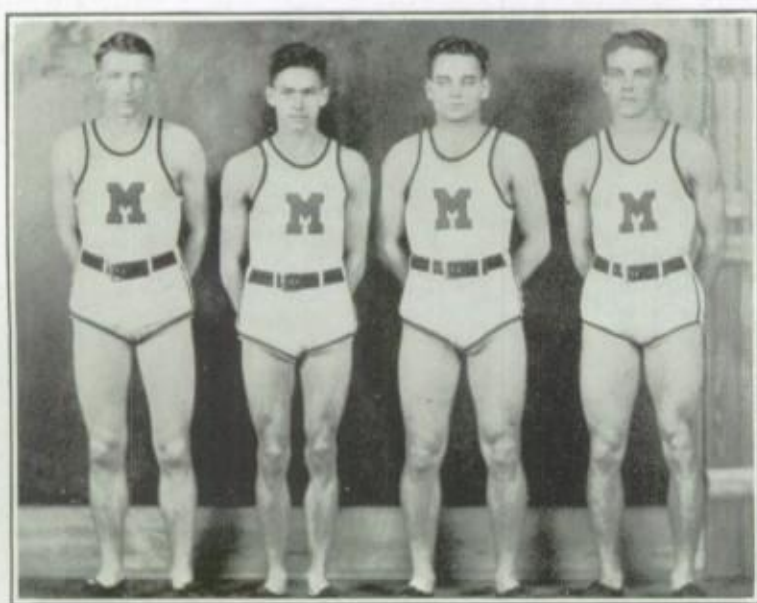

Top Row: Gould (Coach), Thornton, Hungerford, Trover, Stoltz, Atkinson, Parker (Mgr.).
Front Row: Talley, Vire, Mantle, Weaver, Taylor.

RELAY TEAM
Frey, Meriwether, Mantle, Camp.

TRACK

The 1931 track season was possibly the most successful the school has had for the past six years as the boys either won or scored in all their scheduled meets. Several of the individuals developed into stars and the 880 yard relay team did exceptionally well. They won all their races except the state meet where they placed fifth.

The first meet was a dual one with Grayville which we won 96-20. We took firsts in all but one event although no records were threatened.

The next meet was at Princeton with Princeton, Mt. Carmel, and Central of Evansville competing. Mt. Carmel won with a score of 41, Central took second with 40 points, and Princeton only got 18 points. Camp, Frey, DeWitt, and Miller took firsts. Several of the other members of the squad placed in their events.

We next competed in another triangular meet at Bridgeport. Paris won first, Mt. Carmel took second with 36 points, and Bridgeport was third. H. Camp won the 50 yard dash, hurdles, and broad jump. Frey won the 100 yard dash. DeWitt tied for first in the high jump. Coach Gould next took the members of the relay team and Paul DeWitt to the Herrin Relays. DeWitt took second in the pole vault and the relay team was making an excellent showing until a mishap occurred.

The conference meet at Bridgeport was next on the schedule and the boys fared well. Frey won the 100 yard dash and others placed to add to Mt. Carmel's number of points.

The team then competed in the Wabash Valley Meet at Robinson. The 880 yard relay team composed of Mantle, Camp, Frey, and Meriwether won with the time of 1 minute, 34.6 seconds which broke the former record set by Hammaker, Gould, King, and Stillwell representing Mt. Carmel in 1923.

The 440 yard relay team, Camp, Frey, Meriwether, and Atkinson also won and set a new record of 46.4 seconds.

At the district meet at Robinson Frey won the 100 yard dash, and Atkinson took second in the 220.

The relay team went to the state meet at Champaign and placed fifth with a time of 1:33.9 which was their best mark for the year.

The 1932 squad is composed of the following: Camp, Meriwether, Atkinson, Vire, Prather, Nettleton, Miller, Blair, Snyder, Trover, Weaver, Hungerford, Mollenhauer, B. Smith and Wright.

A dual meet with Lawrenceville opened the season. It was readily won.

The team ranked second in a triangular meet at Bridgeport on April 15. Paris won the meet.

The 880 yard relay team was victorious at the Indian Relays held in Lawrenceville, April 23.

The team is entered in the conference meet at Salem, April 29, the Wabash Valley meet at Robinson, May 7, the District meet at Bridgeport on May 14. From early successes it seems sure that several of the boys will also compete in the State meet on May 21.

BASEBALL

The 1931 baseball season was a very successful one. That year the team won seven games and lost two, which if figured in percentages would exceed most big league averages.

The following is a summary of the season's games: the team won two games from Allendale, lost one to Princeton, won one game and lost one from Oakland City, won two games from Albion, and won two games from Bone Gap.

This was a well balanced team being good in pitching, batting and fielding. The lettermen were Compton, G. Kennard, R. Talley, Woods, Taylor, E. Hoskinson, Kirkpatrick, C. Collins, and Hungerford.

The squad for this year consists of R. Talley, E. Hoskinson, R. Kirkpatrick, W. Hoskinson, J. Talley, Shoaff, Taylor, Mayne, C. Camp, Wager, Stokes, Thornton, Adams, I. Hungerford, Garrett, Driggs, Andrus, McRoberts, and Coffee.

Two games will be played this year with each of the following teams: Allendale, Bone Gap, St. Francisville, Princeton, Albion, Oakland City.

The team handily won its first three games and the prospects are that this year's squad will make as good if not a better record than that of 1931.

PHYSICAL EDUCATION

The Physical Education department this year includes about 270 students or about half of the school.

Of the two groups, boys and girls, the latter is the larger, consisting of about 150 girls. These classes are under the direction of Miss Goedecke. This course includes Danish exercises; highly organized games such as volley ball, basketball and baseball; games of lesser organization such as relays, dodgeball and end ball; folk and character dances; stunts and pyramid building. These classes also get outdoor play in fair weather. Freshman and Sophomore girls are required to take this course and some continue with it throughout their high school period.

The boys' section of the Physical Education department included 127 boys the first semester and about 111 boys the second semester. This department is under the supervision of Mr. Garrett.

In the fall the boys play baseball, soccer and basketball; in winter basketball and indoor baseball, pyramid building and in the spring they engage in indoor baseball, track events and speed ball.

The object of these classes is to develop the boys and girls properly in body and to correct any physical weaknesses. Under the supervision of these two instructors much has been accomplished along this line in the past few years.

Again this year intramural basketball leagues were organized under the direction of Mr. Garrett with Oliver Stroud assisting. The teams were divided into two divisions according to size, 12 teams in one group, 10 in the other. Intramural has permitted a large number of boys to participate in athletics.

GIRLS' ATHLETIC ASSOCIATION

The object of this association is to stimulate interest in girls' athletics and gymnastics, to standardize and promote ideals of health and sportsmanship.

Miss Leola Goedecke, who is sponsor of this organization, should be given much credit for the work she is doing and the progress the G. A. A. is making. Miss Augusta O'Neal is the assistant coach.

The members looked forward to those enjoyable hours which were to be spent in different activities. During the fall, the girls in large groups, went on picnics and long hikes, working for points toward the letters which were awarded at the end of the athletic season to those who had gained enough points. The hikers were captained by Helen Madden.

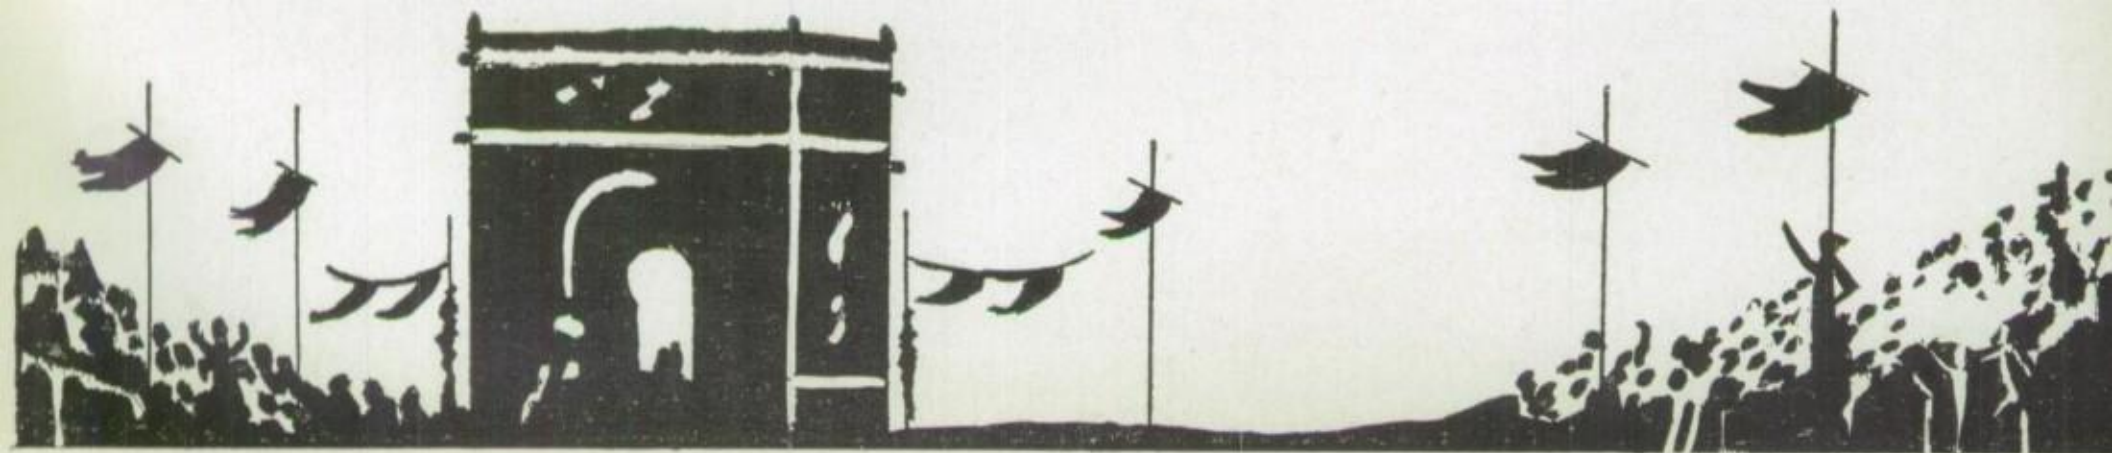

The next sport was volley ball. Many proved themselves interested in the game.

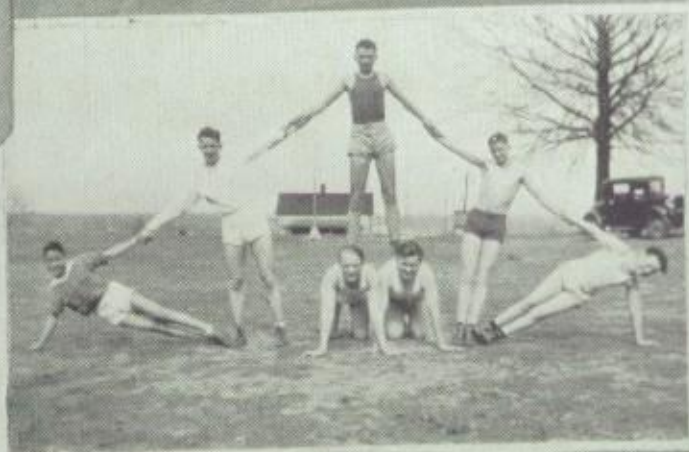

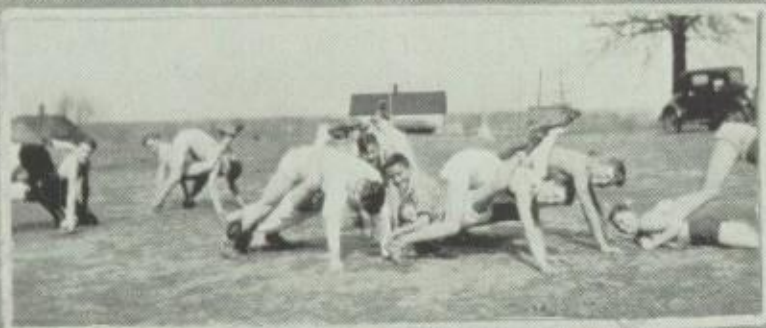

As winter came, basketball was the girls' major sport. There were so many who were interested that there had to be two separate groups formed. They practiced whole-heartedly every week.

In the early spring, the members of the G. A. A. organized a skating team headed by Ruth Stroh, captain.

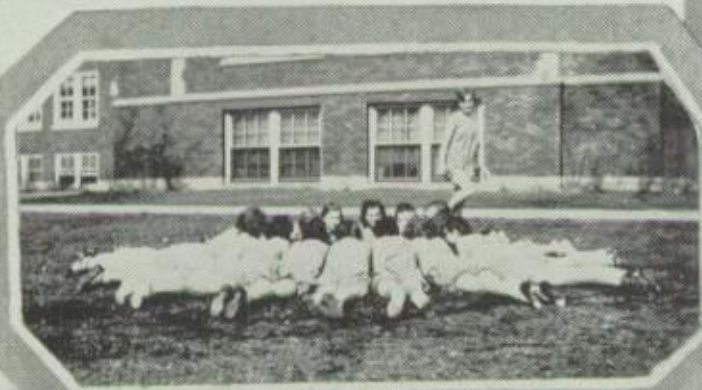

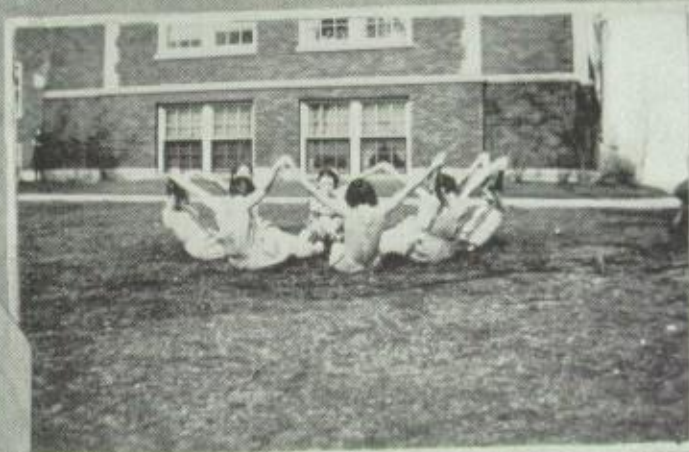

The end of a successful season was reached by Play Day. When this is held, four or five cities are represented by a number of girls. The girls are divided into color teams. Thus the members from the various teams play with each other rather than against each other.

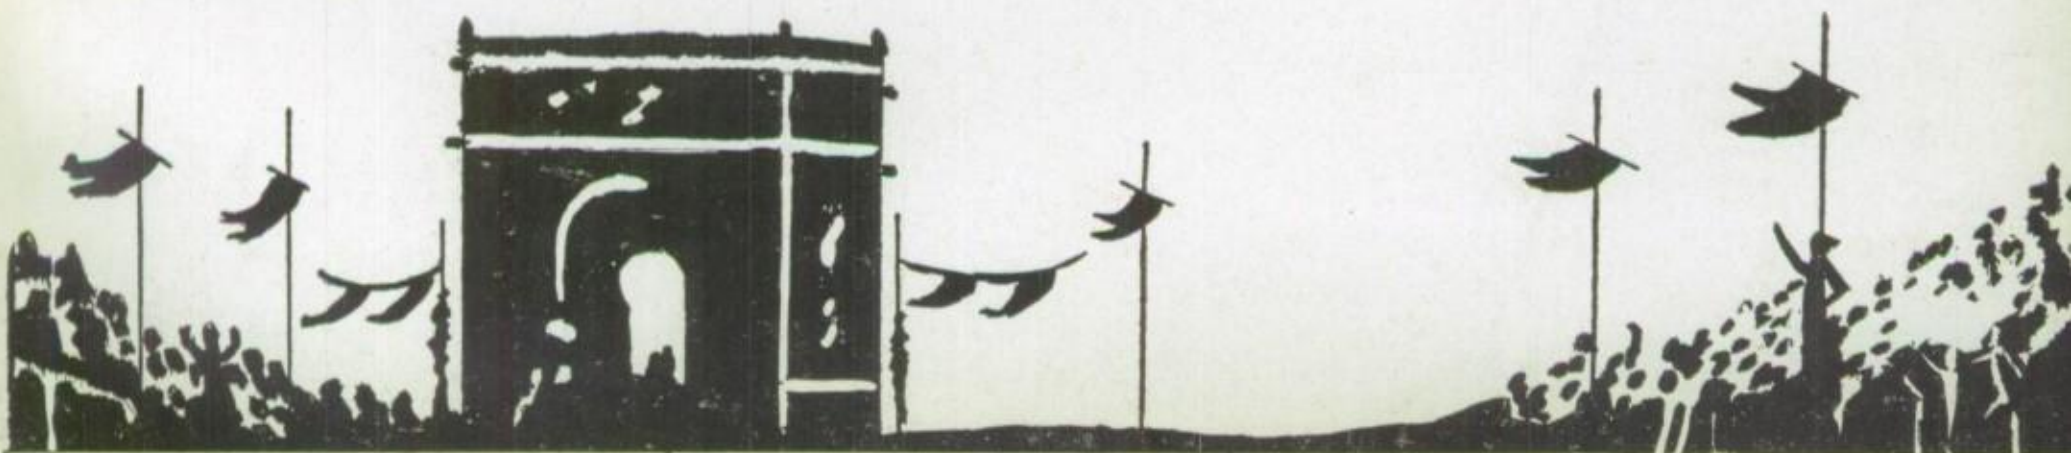

Those receiving letters this year were: Catherine Gilkison, Lenora Dean, and Leona Dean. Those receiving numerals were Mary Ellen Frey, Esther Margaret Bruce, Helen Madden, Staretta Bruce, Mary Alice Carrell, Helen Guard, Hazel Summers, Aileen Lechner, Sarita Tanquary, Lucile Rueber, Dot Deckert, Mary Lant, Esther Freeman, and Georgina Weigand.

Music Department

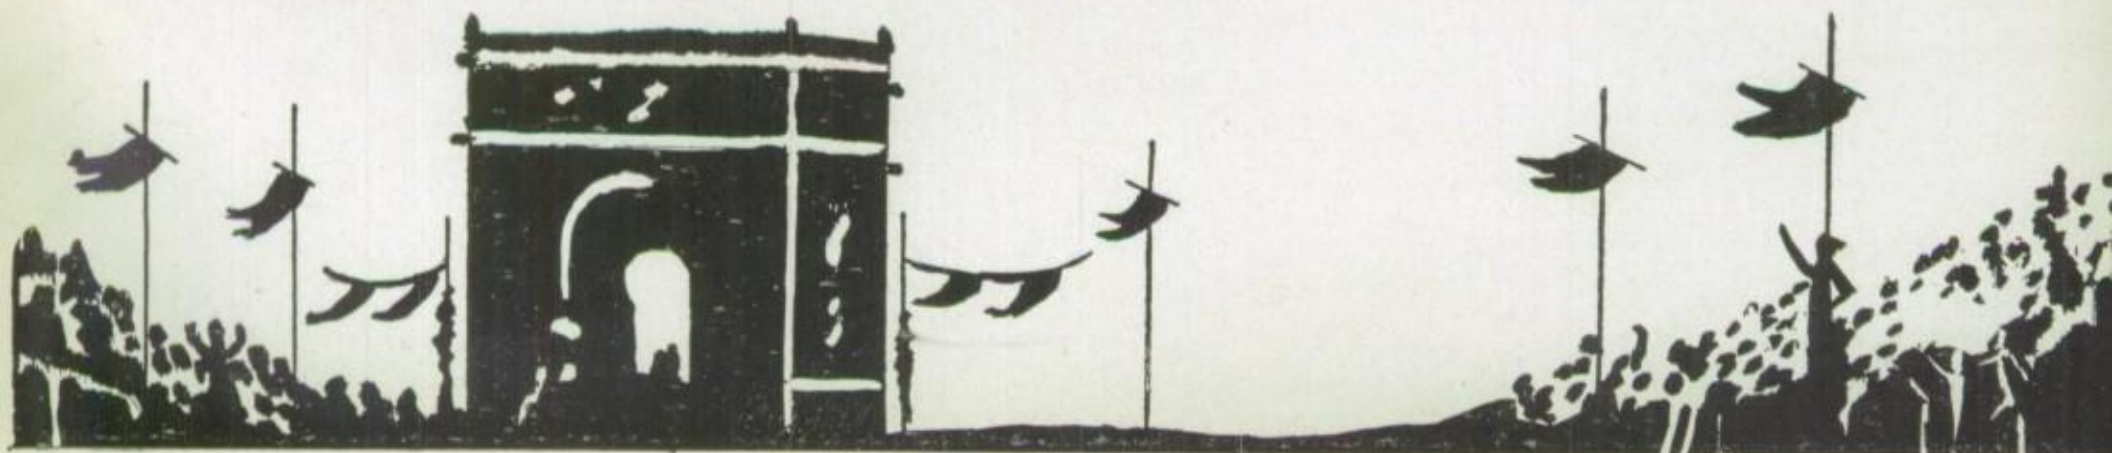

The Music Department in Mt. Carmel High School has become one of the most important divisions of the school. Under the expert guidance of Mr. Floyd Perkins, our music instructor, the department this year reached new heights. More activities were attempted than ever before.

The band, organized four years ago, now has a membership of about sixty. This year it has successfully performed numbers more difficult than any ever before attempted. It played at all the home football and basketball games and journeyed with the teams to several out-of-town games. In January it appeared at the annual band concert which is sponsored by the music department. In April it entered the District Band Contest held at Olney, Illinois. In this meet it was judged a superior band and worthy of entering the state contest.

In addition to the first band, Mr. Perkins has a number of beginning musicians in training in order that the band may maintain its high standard of performance.

The regular high school orchestra this year consists of thirty musicians. Its members furnished accompaniment for the operetta, "Oh! Doctor," and for the Easter Oratorio.

The Maroon and Gold Serenaders under the direction of Mr. Perkins were organized in the fall of 1931. They have played for various activities both in and out of school and have broadcasted over station W G B F at Evansville. The members of the orchestra are: William Newkirk, drums; William McKittrick, saxophone and clarinet; Lewis Mayer, trumpet; James Schrodtt, trombone; Darrel Joachims, saxophone and violin; Francis Cummins, sousaphone; Leland Goodart, banjo and guitar; Wilbur Hurd, piano; and Mr. Perkins, clarinet, saxophone, and trumpet.

In addition to the Boys' and Girls' Glee Clubs, a Mixed Chorus composed of about ninety voices appeared several times during the year. This is the first time that such an organization has been formed in Mt. Carmel, and the chorus met with signal success.

The first Girls' Quartet meets twice each week for rehearsals. They have appeared before several organizations of Mt. Carmel. Its members are: Frances Tanquary, first soprano; Catherine Gilkison, second soprano; Cecilia Rafferty, first alto; Edith Lengelsen, second alto; and Gladys Camille Stephens, accompanist.

A second Girls' Quartet composed of Chima Mae Miller, Margaret Rue Stansfield, Mary Lou Walter, and Kathryn Kennard has also performed on various occasions during the year.

The Boys' Quartet is made up of Clarence Walter, first tenor; Gilbert Froman, second tenor; Thurlo Webb, first bass; and James Schrod, second bass. They have appeared before the Teachers' Institute and at the Annual Band Concert. Their accompanist is Wilbur Hurd.

Several other small musical groups were formed for competition in the Band Contest. The best known of these is the Brass Sextet. Its membership is Lewis Mayer, Harold Lett, William Smothers, Richard Seitz, James Schrod, and Francis Cummins. They appeared before the Rotary Club of the city a few times, and won first place in the District Contest.

A saxophone quartet, a clarinet quartet, and a brass quartet have sprung into existence this year. As yet they have made no reputation for themselves, but they seem sure to become popular as they become known. Each of these entered the contest at Olney and each of them won first place in competition with similar groups from other towns.

Through its music department, Mt. Carmel High School instils in a large number of students an appreciation of this art which will give many pleasant hours during future years.

OPERETTA

The Music Department on April 15 presented the operetta, "Oh! Doctor." With its singing and dancing choruses, attractive stage setting and lighting effects, it created a colorful picture. It was well received by a large audience. Mr. Perkins, our music director, is to be highly complimented on his splendid work. Miss O'Neal, Miss Goedecke, Miss Gleckler, Miss M. Cheesman, and Miss E. Cheesman as assistants also deserved much praise.

THE STORY

Not far from the border separating Mexico from the United States is a famous Sanitarium and Spring owned and operated by Dr. Drinkwater, a pompous man, who disowned his son because he married an actress.

Drinkwater's wife died grieving for her son, and left her money to his orphaned daughter, Glory, only on condition that she spend her twenty-first birthday with her grandfather, hoping in this way to clear all misunderstandings.

But Glory is an actress under contract to make a picture in South America, and her twenty-first birthday is only two days away. She must keep her contract, and wants her grandmother's money. She remembers her friend, Honor, who has a sick mother and conceives the idea of sending them to the Sanitarium in her place, since grandfather has never seen her.

When Honor and her mother, Madam Chere, arrive at the Sanitarium, the fun and trouble begin.

Glory learns that her fiance has gone to the Sanitarium to spend his vacation. His father was an old friend of Dr. Drinkwater's and they had long desired a match between Bob and her. She hurries to the Sanitarium to explain to Bob before he meets Honor and spoils everything. She also writes a letter of explanation to him which Honor promises to deliver but loses instead.

Philip, a ranch owner, is hunting a Mexican rustler. They stop at the Sanitarium for a drink of the Spring water where Philip sees Honor and is immediately attracted. Years before, Philip's grandfather and Dr. Drinkwater had quarreled, and Drinkwater had forbidden Philip on the place.

Honor hears Philip plotting with Bessie, the maid, to frighten everyone in the house with stories of the rustler, and thus make it possible for him to meet Honor without Dr. Drinkwater knowing it.

When the rustler comes and carries off Bessie and Rainbow for ransom, Honor will not believe it, but thinks it part of the plot and scorns Philip. When Philip returns from the rescue, wounded, with the rustler captive and the others safe, Honor is sorry and everything is right again.

Rainbow shows Philip the lost letter and he gathers that Honor is Bob's fiancée and has been deceiving him. But Honor dare not tell him the truth until the twenty-four hours are up. When the guests arrive for the birthday party everything is at sixes and sevens. But a few words of explanation smooth the troubles away.

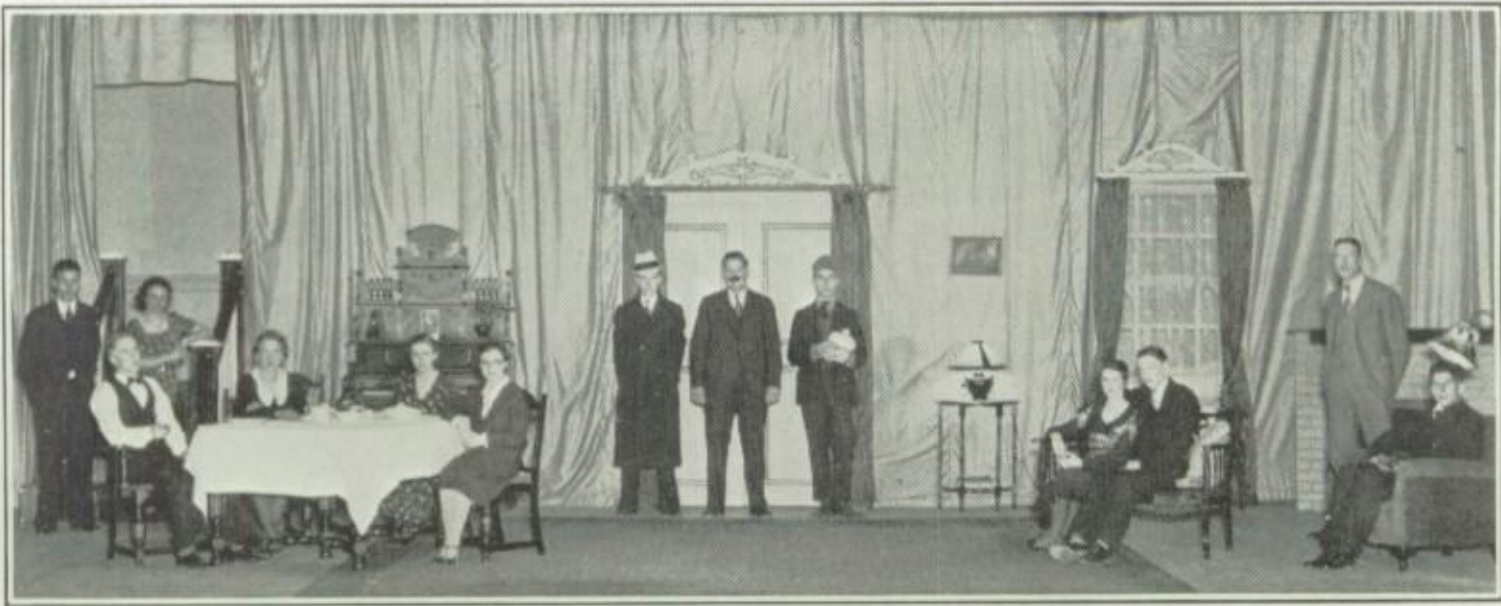

Drinkwater is overjoyed that Glory is engaged to Bob. When she tells him that she and Bob are going to South America, ostensibly on their honeymoon but really to make a picture, he smiles and suggests that he charter a boat, and all join him and the happy couple in a wonderful trip to South America.

THE STORY

"That Ferguson Family" concerns a mother, a father, three children and their various sweethearts. For the children the world tells them one thing, their mother tells them another. For years their mother has controlled their destinies. Suddenly there springs up within them the spirit of independent living, the willingness to leave the home-fire and strike out for themselves. But the mother who has guided them through their childhood fails to recognize that they are men and women. They are still children without wisdom. She is unwilling to see them face the future, or permit them to take their lives into their own hands.

Laura, the elder daughter, runs away and marries the man she loves. Tavie, the youngest child, marries Rupert Striker who so faithfully helped her out of predicaments which resulted from her stealing some dresses. Joe, the only son, who is an architect, wins a prize by drawing plans for a new bridge. This prize enables him to marry his sweetheart, Mary Flemming.

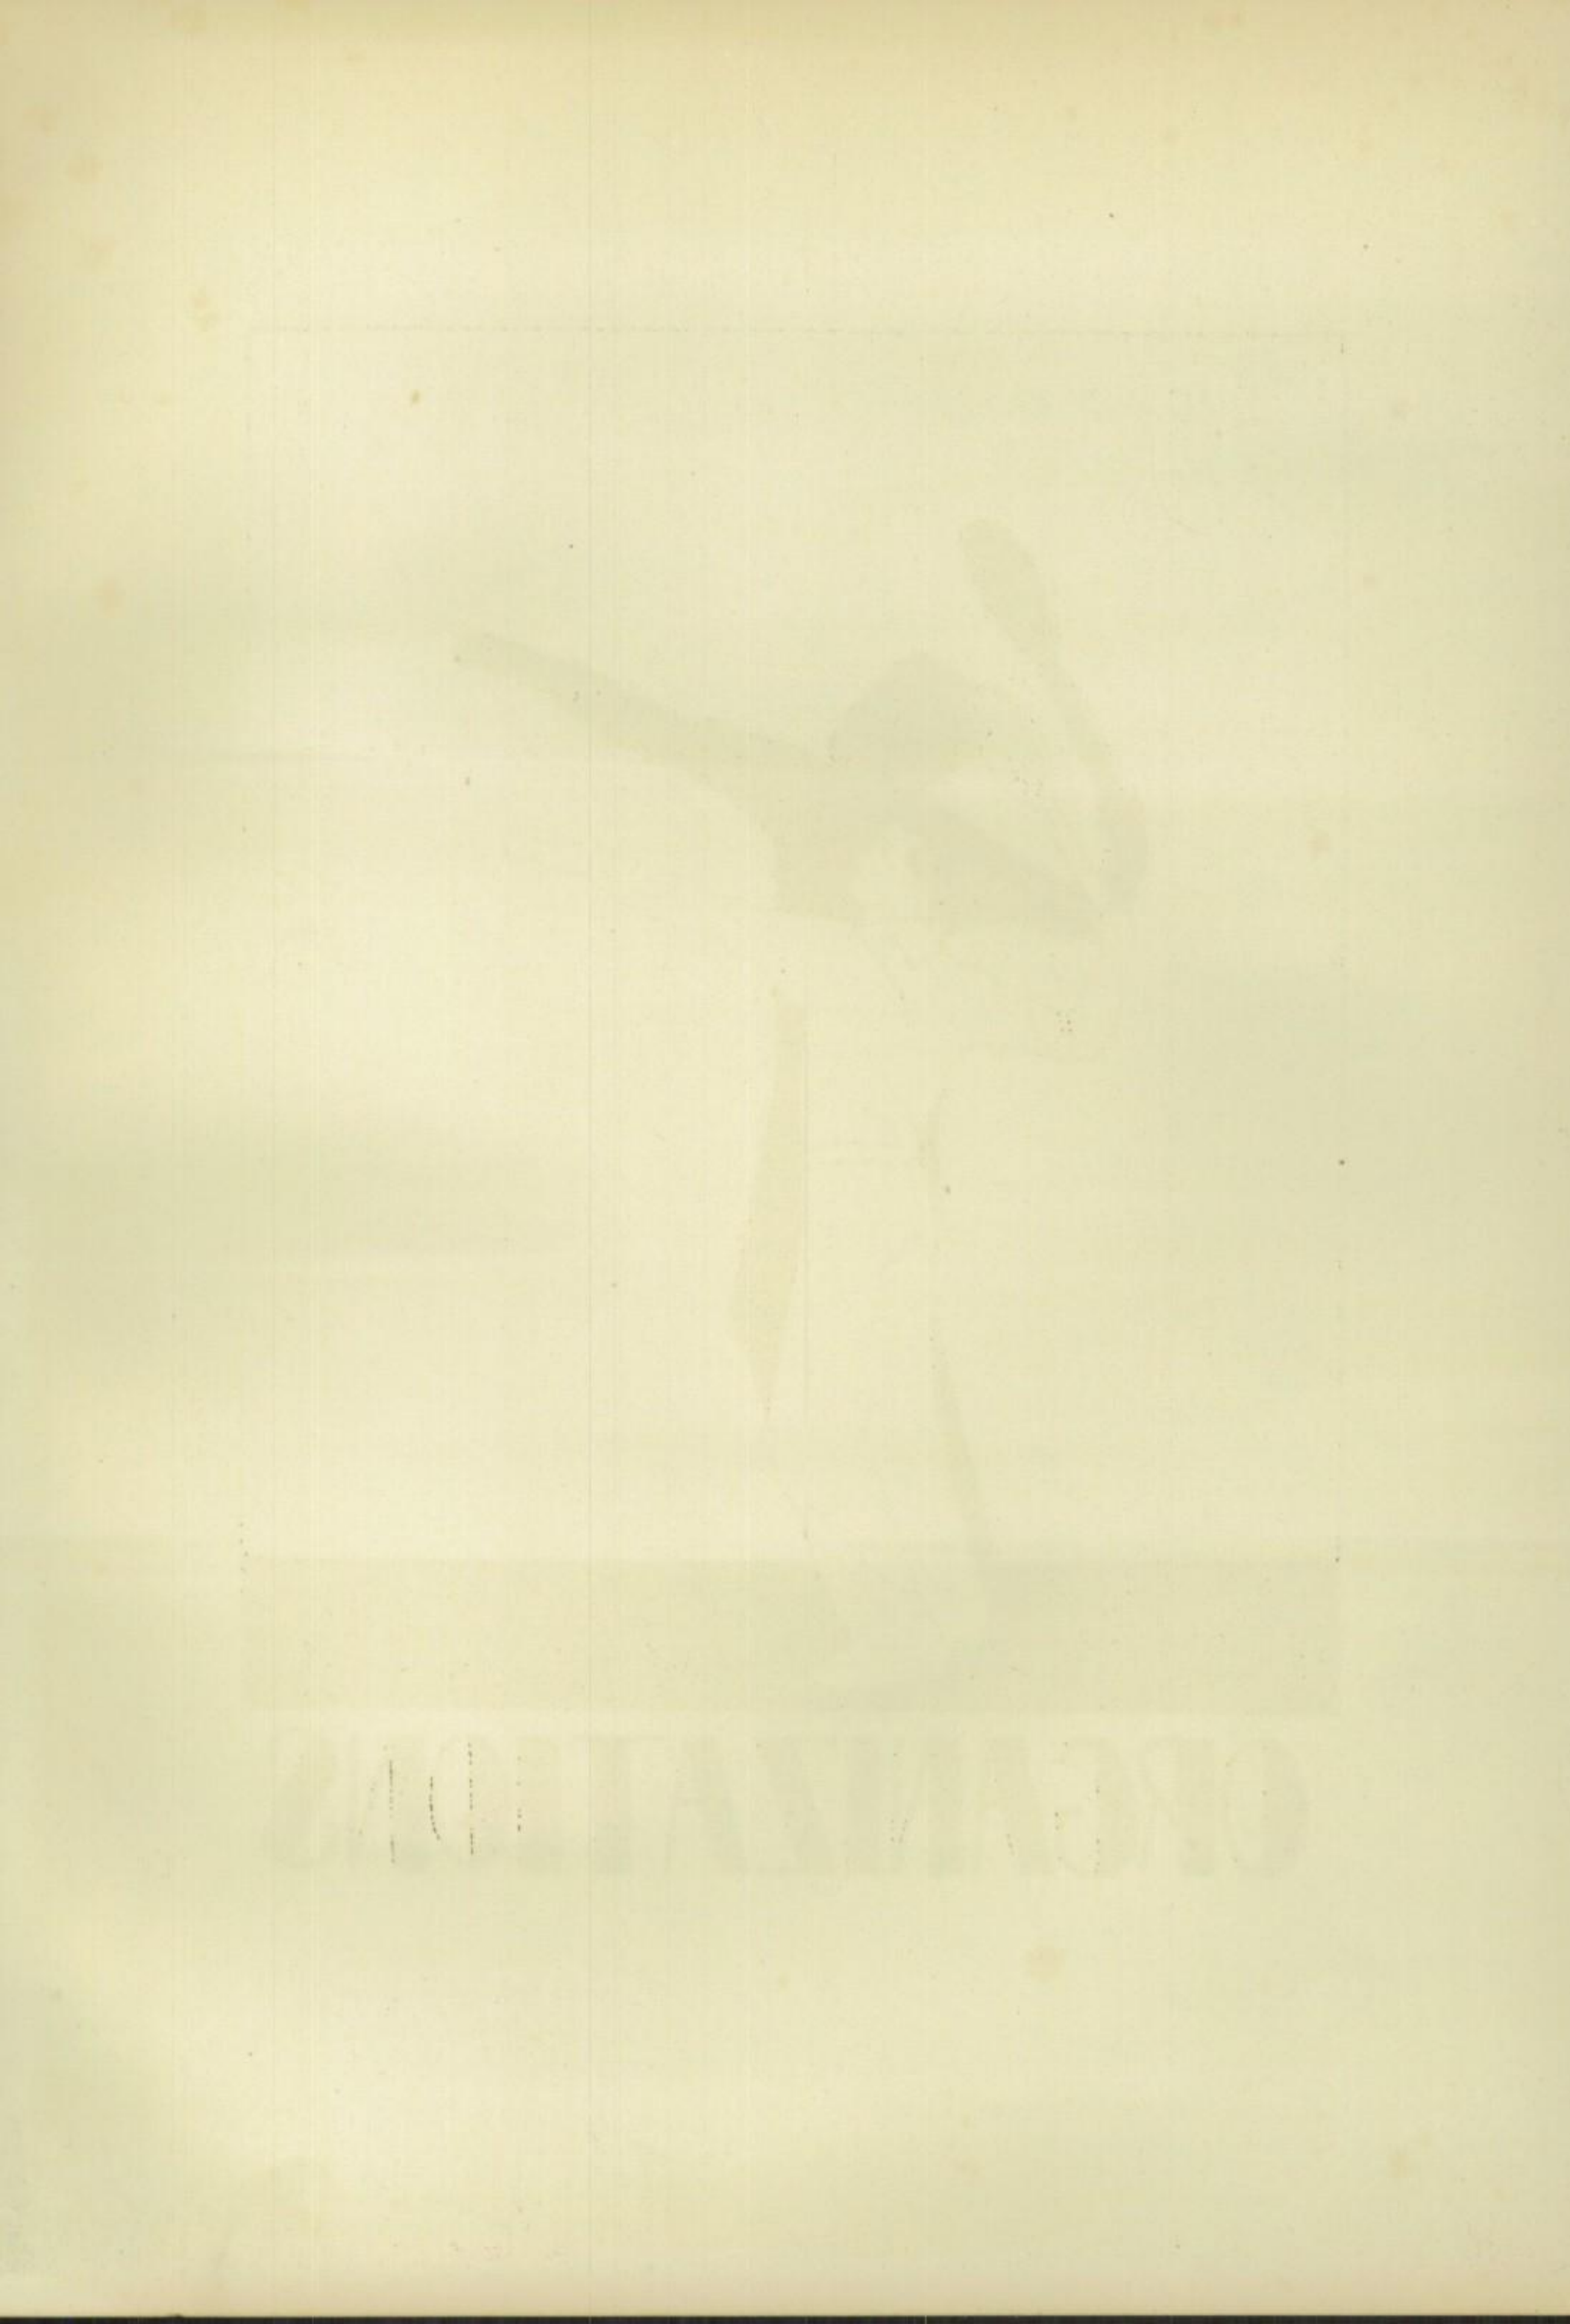

After the children have all left, Mrs. Ferguson is very lonesome, but becomes quite cheered and happy again when Fred, her husband, reminds her that now there will be grandchildren for her to love and help mother.

RESUME

Mt. Carmel High School has 13 clubs dealing with various aspects of school life. Some of the clubs have been in existence for a number of years; others are new. But each in its own way with its own programs gives training to the members.

These clubs give students practical experience in conducting meetings, planning interesting programs, and appearing before small audiences. They enable students to learn a bit more about any topic in which they are interested than can be offered in the class room.

By providing opportunities for leadership and for social contacts they form an essential part of the high school's program of education.

FOOTBALL

The Princeton Tigers crossed the Atlantic and returned to the jungle the same day with the Aces' Spade.

In writing up this game the notes were somewhat jumbled and the following effect was produced:

FIRST QUARTER

The Tigers kicked off to the Aces. Atkinson hugged the pigskin like he would a first born and ran like Eliza crossing the ice. But, alas, the bloodhounds were too fast and they caught him on the 20 yard stripe. The Aces hit the line and were penalized 180 inches for being off-color. H. Camp punted and the ball landed in the river. Time out. Ben Gard is the gallant hero who rescues the ball and it is placed on the 20 yard line. Denton slid around on his left end and ripped a half yard off his north end. Another time out. Man with the big horn yells, "Is there a tailor in the crowd?" Players form a screen around Denton and hang out a sign "Closed for repairs."

SECOND QUARTER

The Tigers punted to C. Camp.

He returns the ball to the 40 yard stripe. A complaint is filed that the tackler who tackled tickled Camp. Time out. Camp has a laughing spasm. This tickles the tackler who tickled Camp whereupon the tickled Camp tackles the tickling tackler. Time out. Where is the ball? Princeton is called for illegal tickling. A substitute goes in for Princeton. Right off the bat he is given a Scotch penalty for holding. The Aces worked the ball up to where the shadow of the goal post would have been if the sun set in the north. Princeton rooters yelled, "Hold that lion." Atkinson pathed to Cotner who ran with the ball like the Angel Gabriel and scored a touchdown. Score: Aces 6—Princeton 0. C. Camp attempted to kick goal but it was wide. Mt. Carmel fans rise and sing the last verse of "After the ball is over."

spring flood and drowned him on the 25 yard line. The entire team sat on White and gurgled hoarsely, "Eleven men on a Tiger's back, ho, ho, ho, and a bottle of water." Mt. Carmel penalized for being off-key. "Aha, a touchdown by the Tigers," and, "Ooh, that point." Princeton 7—Mt. Carmel 6.

FOURTH QUARTER

The Tigers smash Hannibal through the center. Penalty for rudeness. The gentleman in white trousers makes several yards right down the field under perfect interference for somebody. Slim, young Senior girl passes by selling hot dogs. Cotner made a yard through center. She has a complexion like peaches and cream. Atkinson is called for double dribble between first and second base. And eyes like limpid pools of blue. Camp punted somewhere. And teeth like pearls, and an impudent nose, and an adorable smile. Somebody did something to someone and was penalized something. She's coming this way. Two, please—keep the change. Whertz made 2 hot dogs off left tackle. What, the game must be over.

The Aces slowly trudged up the stadium, defeated but not conquered. Oh no, admirable sports, those Aces.

Mr. Arrick: And so, class, we come to the conclusion that nothing is impossible.

Roy T.: I'd like to see you slip this umbrella down your throat and then open it.

Mr. Barnds: This steak is like a cold day in June—very rare.

Landlady: And your bill is like March weather—very unsettled.

Veterinary: The cow must take a tablespoon of this medicine twice daily.

James Schrod: But our cow has no tablespoon; she drinks out of a bucket.

Miss Putnam: What does the word "kitchenette" mean? Use the word in a sentence for me.

Pauline W.: Mary went in the kitchen 'en et all she could find.

Mr. Arrick: Give an example of the use of a catalyst, a substance which may cause a reaction, but is itself unaltered by the reaction.

Hubert Coleman: A glass egg.

Mr. Garrett: Do you serve lobsters here?

Sarcastic Waiter: I'll wait on you in just a minute.

Jessie Mae: Could you learn to love me?

John Hadley: Well, I learned to speak Polish.

Ross Phar, answering an exam question: The lungs gave off halitosis.

Well, kiddies, a very successful season was enjoyed by Coach Hould's Garoon and Mold Spaces. The season started off with a boom instead of a bang. Most of the games were intercounty ones. Such noted teams as Orio, Patton, Cabbage Corner, and Maude were included in the heavy schedule. The climax of the season was reached when we defeated the Deaf and Dumb Correspondence School for the Blind on a wet field at night. The audience was very enthusiastic over the hole-in-one made in the first inning. During the 7th inning rally, tea was served and the latest fashions were discussed. At a late hour all departed, declaring that they had enjoyed a wonderful evening of entertainment, especially when the villain was choked by the hero. And by the way, the number of field goals was not recorded because of the modesty of the Garoon and Mold Spaces.

Mr. Condrey: What does your wife say when
you get home so late?

Mr. Arrick: I'm not married.

Mr. Condrey: Then why do you go home so
late?

Harry Berry: Did you hear about the man who
lost all his teeth at the football game?

John Rigg: No, how's that?

Harry: They fell out when he yelled.

Darrell Joachims: How long will it be before
your sister makes her appearance?

Betty Jean: She's upstairs making it now.

Life is a joke,
All things show it.
Look at the Freshmen,
And then you'll know it.

Mr. Perkins: What do you mean speaking of
Dick Wagner, Ludie Beethoven, and Fred Han-
del?

Mary Lou W.: Well, sir, you told me to become
familiar with the great composers.

Curtis B.: How are you getting along at home
since your mother's been away?

Billy Mc.: Oh, life is much less complicated. I
can put my socks on from either end now.

Roy Talley, after an argument: I wonder what
would happen if you and I would agree?

Neva K.: I'd be wrong.

BASEBALL

What a season! The Wabash County Conference was won by our sluggers. They won out over Patton. The following are the figures: Mt. Carmel: games played—none, games won—none, games lost—none. Patton: games played—none, games won—none, games lost—one. The games were witnessed by throngs who always came armed with pop bottles, bricks, etc. The reason for the ammunition was never explained. The umpires were furnished through the courtesy of the Pla-Less Athletic Association, which supplies only the best. Their motto is: When in doubt, shoot.

TRACK

And now, my children, for the track season. It was enjoyed by all those who liked the sport. The largest crowd would have filled a press box, if there were a press box. The cladly thins romped all over Wabash County and surrounding territory. An attempt was made by a vole paulter to jump over the Ag Building but he gave up because of a broken leg, a cracked skull, small pox, and other minor ailments. A cross country run was given for those cladly thins with bunions, flat feet, and fallen arches. It would have been a howling success but it was called off on account of rain.

And that brings to a close this sense and nonsense! With all apologies to the athletes of Mt. Carmel High School.

Barnds, who was learning to fish, had just caught a small sunfish. Turning to Mr. Scales he said, "Oh, I've got one on my line. What shall I do next?"

Clyda Jean: Did he! He was on my feet in an instant.

Miss Cheesman: What were the 95 Thesis?
